*** Information subject to change.*

Profits earned from fundraisers benefit the students, faculty and school. Funds are often used to purchase new equipment and supplies, for technology upgrades, and to organize various school events and trips. These types of programs can have a huge impact on the breadth and quality of education our children receive. Students can learn fundamental life skills such as teamwork, creativity, customer service and goal setting through fundraising.

While everyone benefits from fundraising you are not obligated to participate. Some parents have asked if they can simply write a check, and that's okay too.
