# **EXECUTIVE SUMMARY**

Anjana Vijay – Grade 6 – Windermere Elementary School

## **Board of Education**

Jennifer Dzen, Chair Michael Young, Vice Chair Jennifer Mullin, Secretary Elizabeth Nord, Treasurer Gary Blanchette Marcia Kupferschmid Angela Moser Kerry Socha Miriam Underwood Steve Viens

# **District Leadership**

## **District Administration**

Scott Nicol – Superintendent of Schools
Oliver Barton – Assistant Superintendent for Curriculum and Instruction
Kristy LaPorte - Director of Special Services
Brian Greenleaf – Director of Finance and Operations
Melissa Haberern – Special Education Supervisor
Sara Spak – Special Education Supervisor
Aaron Fliss – Director of Technology
Gregory Kliman – Director of Facilities

## School Administration

Ellington High School John Guidry – Principal Brandon HuBrins – Assistant Principal Marc Richard – Assistant Principal

Ellington Middle School Michele Murray – Co-Principal Michael Nash – Co-Principal Center School Michael Verderame – Principal

Windermere School Jennifer Hill – Principal Jennifer James – Assistant Principal

Crystal Lake School Dario Soto - Principal

# Superintendent's Budget Message

Every budget is different, of course, because each year is different. Our recent experiences have shown how things can rapidly change, how different each month can be, never mind years.

But, what ties each budget together is that they represent the things we find important to invest taxpayer dollars in. While we look at budgets on a yearly basis, we must also consider the long-term implications of any one budget figure. It's easy to get caught up in a number, especially when it is higher than we would like. By looking at both short-term and long-term, we can best chart a course for the future needs of the district and its students while balancing costs to the taxpayer. This budget aims to do just that.

# The Superintendent's Proposed Budget for 2022-2023 is \$43,352,626 which represents a proposed increase of 4.24% over the current fiscal year.

This year, the budget increase is dominated by one line item: Health Insurance. On its own, the group insurance object accounts for a 1.24% budget impact. Claims have increased dramatically, which put pressure on the district and this account. While this is not ideal in the first year of self-insurance, the move is already helping to offset some of the impact that higher claims are having on this account by proposing to leverage existing health care reserves to buffer the impact (see page 16 & 80).

The budget also demonstrates things in which we can take pride. The tuition accounts have dropped by \$194,291, in large part due to the successful new BASES program. These savings have been moved, in part, to the salary lines in order to staff this program. As we move forward, we expect this to be a revenue center for the Ellington Public Schools. This revenue is immediately reinvested in special education programming that benefits the students of Ellington, as well as the taxpayer.

This budget includes a Director of Athletics and Wellness (proposed September 1st start). This position, which has been within the strategic vision of the district for several years, is included for the first time in a budget proposal. This position will take on long-term objectives in a highly visible, higher risk category of school activity. Turnover within the current model has necessitated its inclusion in the 2022-2023 budget.

The Board of Finance recently adopted a policy regarding zero-based budgeting. The theory behind this strategy is that by starting at zero and building up to what is needed within a program, you can ensure maximum value of dollars budgeted. I'm happy to say that for at least the past seven budget cycles, the Ellington Public Schools has approached the budget in the same way. Teachers, staff, and administrators all come together to determine what the district needs. Each account is examined to ensure it is budgeted properly. Sometimes this means accounts go up. Sometimes it means they go down. Other times they stay flat.

You'll see examples of this within the pages of this budget document. On page 12, you'll see how certified staff have been reorganized and redeployed to better meet the needs of the students over the past five years. Proposing new staff is easy. Reworking staffing models to better deliver services is more challenging, but ultimately is what the Ellington Public Schools has been successful at for several years.

This budget includes investments aimed to keep Ellington a model school district for next year, and years to come. The district has the #1 rate of return on investment in the State from its educational expenditures. Although we consistently have one of the lowest per pupil expenditures in the state—an effective \$10.9M lower than the median—the Ellington Public Schools offers a strong academic program, as reflected in previous assessments.

This budget is not built in a vacuum at the Central Office building. It represents the work of our staff, teachers, and administrators across the district who put in the time and effort to consider the needs to run their programs in the coming year. This year the Board of Education previewed the budget with group discussions with teachers and administrators. I appreciate the collective effort and dedication of our team to ensure our programs remain strong.

This budget document is more than just the numbers. It seeks to provide context and justification for the taxpayer that trusts the Ellington Public Schools to ensure the children of Ellington receive a comprehensive education that prepares them for the challenges of our 21st century world. We continue to enhance the document for additional context and transparency in the hopes that you, our stakeholders, have the information necessary to make informed decisions.

Ellington truly is a special place. We enjoy what many towns throughout the state do not: a collaborative environment where everyone works to meet student needs. The school district team members, the Board of Education, Board of Selectmen and Board of Finance all push together towards this goal.

With a budget submission in January, ahead of any action on the state budget, the Superintendent's budget is a submission based on what is known at the time. We continue as an administration to seek additional savings and when possible, have sought to pass those savings along to the Ellington taxpayer.

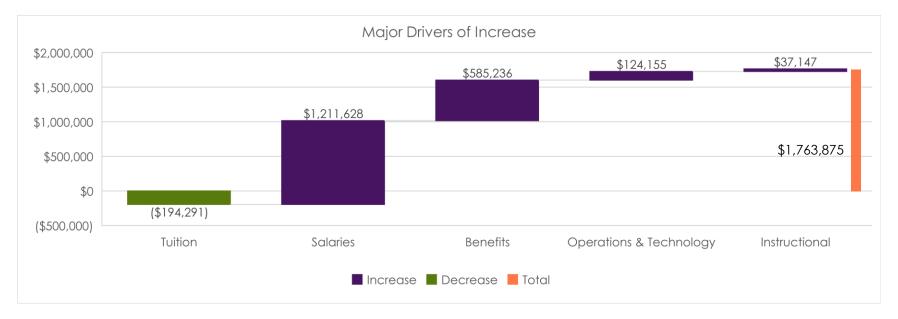

Sincerely,

Dr. Scott V. Nico

# **Major Drivers**

The proposed budget is a thoughtful projection of all accounts, with targeted investment in a couple key positions that will promote operational effectiveness and enhance the education of our students moving forward. As is typical, the largest driver of the budget increases stems from Salaries and Benefits. These categories are represented in the chart below.

Administration has done the work to decrease or maintain costs where possible. Of the accounts within the budget, 70% were either held steady year over year (273) or decreased from the current budget (72). Another 120 accounts include changes of \$10,000 or less; they account for 16.1% of the budget change. The top 10 accounts with highest increase in dollars equal 88.8% of the total budget increase.

## Salaries and Benefits

This year, there are several contractual raises built into the budget. Overall, the salary accounts are up 4.49% or \$1,211,628. This is not solely due to contractual raises, which are much less, but the proposal of new positions and the continuation of positions hired in 2021-2022. The continuation of positions is in part funded by decreased tuition for special education outplacements. Retirements among staff remain low, with one certified retirement known to date. As detailed on page 16, the health insurance costs are significantly

higher than our current budget, with a total increase of 9.91% or \$517,778. We are aggressively holding a 10% increase in health insurance on the strength of our reserve, although initial projections have the anticipated cost as higher.

### **Outside Tuition**

Outside Tuition comprises several accounts including Magnet Schools, Special Education, Adult Education, and Vocational-Agricultural Education. This year we anticipate an overall decrease of \$194,291, though this whole number glosses over different trends underneath. Regular education tuition, specifically for the Rockville Vocational-Agricultural Program, is up by \$74,000 due to increased enrollment. This year bucks a multi-year trend of declining enrollment from Ellington in that program.

We continue to anticipate outplacements in the Special Education account, although in FY2022 we have been able to bring several students back to in-district programs. These Ellington students require services beyond the capacity of Ellington staff and are transported to a specialized program that best meets their needs. In these cases, the State formula indicates funding outplacement costs above a certain threshold through the "Excess Cost" grant. We conservatively budget 70% funding of this formulaic grant based on historical averages. Additional information is found on page 59.

The Board of Education, in collaboration with the Board of Finance, established an unexpended funds account to protect against unknown risk in this account.

## Technology & Operations

Operations includes the items which keep the schools running, including utilities, technology, maintenance supplies, and transportation. Utilities, specifically natural gas and electricity, are showing an increase in the overall budget for next year due to unfavorable market trends. Transportation costs are up slightly, due to favorable renewal with the district's provider First Student. However, special education transportation is the primary driver of the increase of 3.82% or \$100,826.

Technology saw a larger increase this year, due in part to new programs, both operational and instructional, that were purchased in response to COVID-19 and are being recommended to move forward. This coupled with higher inflation on subscription prices has led to increases in these accounts.

## Instructional

Despite outsized inflationary increases in certain items (e.g. paper), the Ellington Public Schools is keeping instructional budgets flat at the school level. Our zero-based budgeting showed need for roughly \$90,000 of additional spending in school-based instructional budgets, but due to the overall increase, they were held flat on the whole. With inflation eating away at purchasing power, this is a cut to the overall provision of services within in these accounts.

# **Budget Summary by Object**

# **Budget Analysis & Trends**

# **Budget by Category**

Within the budget spend as a whole, the biggest line items fall under salaries and benefits. These two categories equal 81.45% of the total budget.

**Salaries:** The budget for 2022-2023 salaries takes into account all required contractual obligations for General Wage increases and step movement, when required. Only unaffiliated employees do not have salary notifications or contracts for next fiscal year.

**Employee Benefits:** This is based on an increase of 10%, reflecting better rates than our underwriter's initial estimate.

**Purchased Services:** This includes tuition, transportation, maintenance accounts, professional development, and special education.

**Property Services:** This budget item includes repairs and maintenance services, some utilities, and other services to maintain school property.

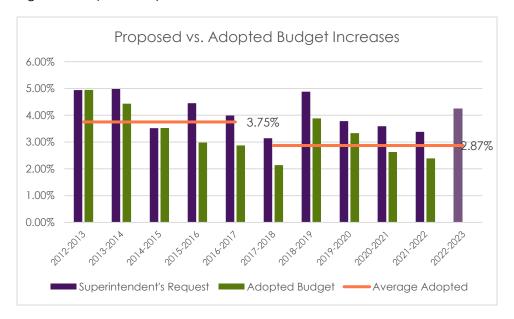

**Supplies:** Supplies range from instructional supplies to utility accounts.

**Property:** This budget represents the equipment line items, which includes primarily technology items.

**Other:** This figure represents dues and fees for the district.

# **Adopted Budgets**

The administration has sought to be fiscally responsible in its budget proposals over the past few years, while balancing the needs of a growing student population. In the past five years, the average adopted budget has been 2.87% compared to 3.75% for the five years prior. One effort the administration has focused on is the pursuit of additional funding sources. This has significantly offset the growth in general fund spending over the past five years.

The Superintendent's budget represents our good faith effort to produce a budget based on current knowledge, data, and constraints. The district administration continues to work on the budget past its proposal to the Board. In past years, as the beneficiary of good trends in our medical claims, we were able to pass along savings in premium costs to the town.

The district is always monitoring the needs of its student population, which is projected to grow over time. The administration always seeks to realign positions to best serve the needs of the district prior to any investment. Realigning or reinvesting in new positions through attrition, is preferred, but the district is not always in a position to move in this direction; application of this strategy is unique to a specific year and cannot be counted upon as a long-term approach to address staffing needs.

# **Certified Staffing Trends**

Over the past five cycles, including this proposed budget, the district invested in providing more support to students with certified staff. This administrator and set of teachers work directly with students across all grades and in a variety of different subjects.

Certified Staffing - Past 5 Budget Cycles										
2018-2019:  10 Month Assistant Principal  1.0 FTE EHS Tech and Computer Science Teacher  1.0 FTE Unassigned Elementary Teacher (Open Choice)  1.0 FTE Pre-Kindergarten Teacher (Open Choice)  1.0 FTE PAL Center School Teacher (Revenue)  1.0 FTE Special Education Supervisor (Tuition savings/Revenue)	2019-2020:  • Minus 2.0 FTE administrative positions  • Converted AP to full time at EHS  • Co-Principal Model at EMS  • 1.0 FTE Technology Specialist Teacher	2020-2021:  • 1.0 FTE BCBA (Revenue)  • Minus 1.0 FTE Unassigned Elementary Teacher (Open Choice)  • Minus 1.0 FTE Restructure Non-Classroom Teacher	2021-2022 • 1.0 FTE Gifted/Talented • Minus 0.6 FTE Library/ Media Specialist	2022-2023  1.0 Director of Athletics & Wellness (Sept. start)  Minus 0.5 FTE Literacy Specialist (Shift)  1.0 FTE Special Education Teacher (budget neutral)						
Adopted: 3.88%	3.33%	2.63%	2.38%	TBD						

The increased FTEs are roughly split equally between elementary and secondary levels.

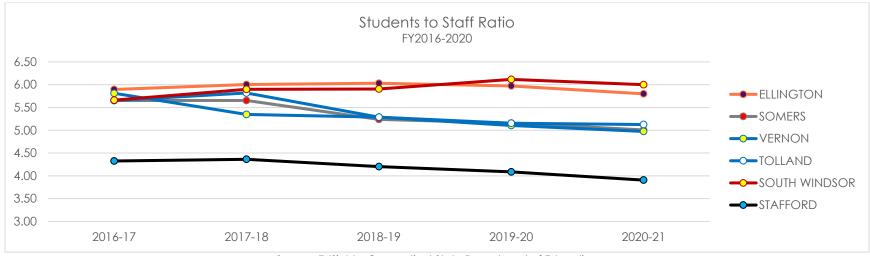

In total the district employs 16 administrators, which is below average for similarly sized districts and new positions have been offset with revenue or restructuring during the past five years. Long-term, the district has identified an investment in a new position the Director of Health/Athletics to meet the demand of these two areas. The current model, with a 0.4 FTE Athletic Director, is not adequate to meet the long-term needs of the district.

12

## Student to Staff Ratios

Although additional staff has been added over the years, Ellington's Student to Staff ratio (the number of students for every staff member) is higher than surrounding district. A higher number represents a leaner staffing model. The ratio analysis is somewhat abstract and does not establish a clear benchmark of organizational efficiency or effectiveness. That said, a thinner staffing model does present a real-world impact on our students and their education.

During the last five years, Ellington's ratio is 5.94 students for each staff member. Comparatively, Vernon's ratio during the same time period is 5.31 and Tolland's is 5.41. These may sound relatively close, but they represent 42.18 and 32.77 additional staff members, respectively, when applied to Ellington's student population. These figures represent the total number of staff across the district, both certified and non-certified. Individual breakdowns by category show similar trends for each district listed on the graph below.

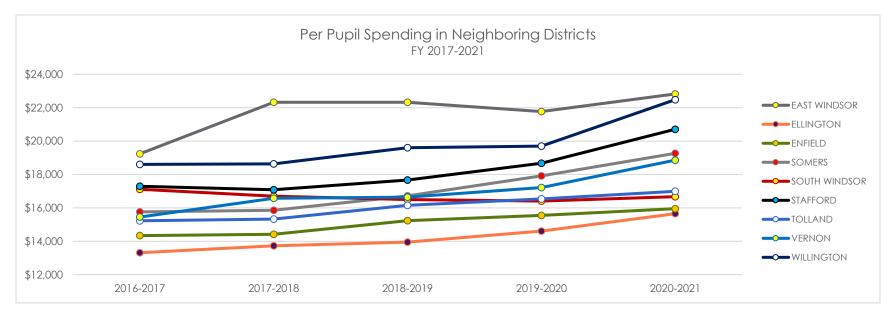

Source: EdSight – Connecticut State Department of Education

From a budgetary standpoint, this thinner staffing model has a direct impact. During this same time period, Ellington and South Windsor were the only districts to add students. With a thin staffing model to start, and increased student population, the ability to trim the budget by eliminating positions becomes much more difficult. Programs need to be maintained or expanded to ensure students' needs are met.

# Per Pupil Spending Over Time

Through strong fiscal and operational management, Ellington has remained at the bottom of per pupil spending over time, while also returning strong gains of academic investment. Since at least 2008, Ellington has ranked in the **bottom ten districts for per pupil spending**. Although per pupil spending increased at a higher rate in 2020-2021, this was broadly the case across the State as student enrollment dropped. The median per pupil spend increased 8.58% across districts in 2020-2021 vs. an average of 2.47% in the four years prior. In 2020-2021, Ellington Public Schools would have needed an additional \$10.9 million to meet the median per pupil spend in the state.

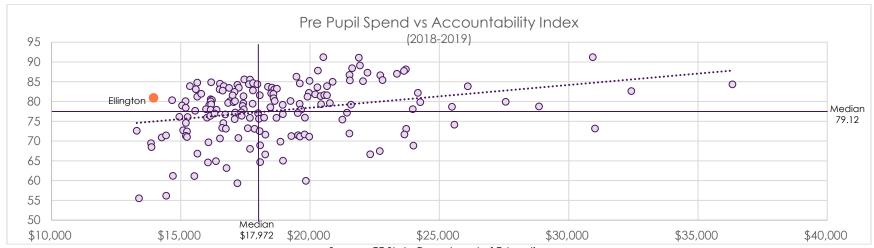

This budget year highlights how low per pupil spending is a long-term risk to the district. As non-educational pressures such as health insurance put upward pressure on the budget, there are few release valves with low per pupil spend, steady to increasing enrollment, and thin staffing models. With the projected rise in student population (page 27), we will need to invest more in staff to meet the additional demand, or decrease services over time. Without additional long-term investment to maintain or close the gap, Ellington will eventually lose its competitive edge.

Source: CT State Department of Education, Net Current Expenditures Per Pupil

## **Return on Investment**

With a low per-pupil spend and strong achievement on test scores, the Ellington Public Schools rank number one in the state for Return on Investment. As noted in the graph below, Ellington ranks above the median on the State's Accountability Index, a comprehensive measure of testing data.<sup>1</sup> It also ranks well below the median for per pupil expenditures.

Source: CT State Department of Education

This combination of characteristics leads Ellington to have the best return on investment, when calculating how many dollars of per pupil spend it takes for each point on the Accountability Index. This was recognized in a report by the Hartford Foundation for Public Giving on regionalization, stating "If Connecticut has a school district that is a benchmark for high education outcomes at a relatively low cost, it would be Ellington." The top five districts in the State for return on investment can be seen in the chart below.

District	Accountability Index	Per Pupil (\$)	ROI Index	ROI Rank
Ellington	80.93	\$13,950	172.38	1
Wolcott	80.31	\$14,664	182.59	2
Cromwell	83.87	\$15,351	183.04	3
Danbury	72.61	\$13,297	183.12	4

## Health Insurance Premiums & Claims

The Ellington Public Schools have worked hard to keep costs down, and benefitted from a couple good years of claim history. However this year brings some challenges, as the rolling 12-months' worth claims have increased dramatically. The claims, which span both fully insured and self-insured models, increased to 106.8% for 12 months of claims paid through December 2021, significantly up from the prior 12-month period at 89.0%.

Source: Brown & Brown

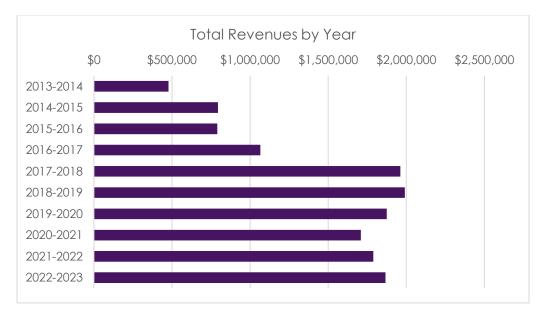

The Ellington Public Schools has seen some relief on these total claims in the form of Individual Stop Loss (ISL) payments totaling \$301,865 through December 2021, bringing the effective MLR to 101.54%. These claims are pooled into a different group for reinsurance after \$175,000. Although projected claims and fixed costs on trend are projected by Brown & Brown to increase to \$6.9M (net of ISL), the Board of Education is planning for roughly \$6.6M in FY23. This is on the strength of the medical reserve account which started FY22 with a balance of \$400,699, with an anticipated appropriation of \$300,000 in FY22 from the unassigned fund balance.

While the start of the move to self-insurance started on a claims upswing, the move has always been a long-term play to moderate health insurance costs over time. With a high MLR, options for fully insured would also be putting similar pressure on the district. Had the district stayed self-insured, it would be dealing with high claims, plus the loss of \$225K of one-time savings that was offered by the leading fully-insured bidder. The district is also examining alternative models of insurance delivery as ways to reduce costs, however, executing these strategies are multi-year efforts that require long-term planning and commitment.

## **Revenue Generation**

Over the past few years, the Ellington Public Schools entrepreneurial efforts yielded significant increases in revenue. This revenue is immediately reinvested in the Ellington Public Schools in various ways, offsetting the total cost of education to the Ellington taxpayer.

Although we saw a dip during the height of COVID-19, the district is projecting a rebound in revenue generated in the upcoming year. This is in part due to new programming, such as BASES, that provide more revenue generating opportunities. It is important to note that long-term health and growth of these revenues is necessary to sustain current staffing models with no impact on the taxpayer.

The varying sources of revenue and associated expenditures are highlighted in the Financial section of this budget document. Primary sources include the Open Choice Attendance grant and Special Education revenue due to increased programming. This revenue supports direct services provided to students, but also provides indirect benefits for Ellington students. As a result, we have been able to expand programs and services and meet unfunded mandates without affecting the bottom line for the Ellington taxpayer.

The administration will continue to seek new opportunities to expand services and generation of revenue, however one limitation is the current utilization rates of our facilities. At minimum the district will continue to need to grow revenue to keep pace with the general cost increases of staffing or these positions will need to be cut or moved to the general fund budget.

## **District Profile**

# **Current Organizational Chart**

# Organizational Philosophy

### Vision:

Ellington Public Schools grows exceptional learners and leaders who are courageous, reflective, and contributing citizens of the world.

#### Mission:

Ellington Public Schools creates a culture of learning that challenges and inspires all students on their personalized educational journeys.

#### Our Core Values and Beliefs are:

We empower students and staff with the skills to discover and pursue their own passions and to embrace opportunities to be courageous, reflective, and contributing citizens of the world.

We create an equitable, inclusive and supportive culture where people are safe, accepted, and valued.

We value learning as an enlightening, lifelong process that happens in multiple ways.

We believe that positive relationships among all stakeholders create synergy and are the foundation for our learning community.

We celebrate innovation, collaboration, creativity and multiple forms of success.

We ensure that our learning environments are flexible spaces that encourage interaction, co-creation and independence.

We have an unrelenting commitment to the belief that everyone can continually learn and grow.

In support of our mission and in alignment with our core values and beliefs, our **District Areas of Focus** are:

High Quality Teaching

Social Emotional Learning

**Efficient Operations** 

## **District Initiatives**

This budget supports the work of District Improvement Plan (page 107) and the initiatives contained within.

Focus Areas of Social-Emotional Learning and High Quality Teaching represent a continuation of the past several years' work on Mastery Based Learning, Personalized Learning, Equity and Innovation. The rationale and key measurement updates for the new focus areas are below.

## Social-Emotional Learning

The rationale for this focus area is to streamline and emphasize the need to create inclusive and supportive environments that foster deep learning and equity. Additionally, student and teacher feedback surrounding peer to peer relationships, stress management, and developing more clear procedures to support social emotional needs have directly influenced this change. During the 2020-2021 school year, the new District

Board Certified Behavior Specialist (BCBA) and Elementary Social Emotional Learning Specialist (SEL) have supported the development and recommendation of a District Wide SEL curriculum rooted in emotional intelligence and the Seeds of Civility. The District is working to adapt RULER, a systemic approach developed at the Center for Emotional Intelligence at YALE University, to the Ellington context. RULER incorporates principles of emotional intelligence into the schools, informing how leaders lead, teachers teach, students learn, and families support students.

## High Quality Teaching

The rationale for this focus area is to keep the district's focus on specific strategies teachers can use in the classroom to increase student engagement such personalized small group instruction and technology integration. Key measurements for this focus area will remain student performance on state assessments. Additionally, grade level curriculum based assessments, intervention data, as well as student survey questions regarding student engagement will also inform and guide the effectiveness of instruction K-12. Additionally, student feedback surrounding peer to peer relationships and stress management will also guide the development and modification of school and classroom learning environments to keep students as engaged as possible across all grade levels and subjects.

## **Efficient Operations**

This focus area emphasizes how the backend district operations and investments in human capital allow the district to make strides. By making life easier for students, parents, and staff, efficient operations allow the district to turn its focus towards the educational mission and vision. Key initiatives under this focus area are implementation of new student information systems, continued investment in human capital, further development of safety and security, and continued investment in a professional learning culture.

## **Facilities Information**

The Ellington Public Schools facilities team does an excellent job maintaining the buildings. The schools are in good condition, with renovations at each school within the past twenty years. However, with the original infrastructure constructed between 1949 and 1966, we must be vigilant about maintenance and continue to have legacy issues from construction during this period. As a result of the yearlong facilities study, the Board has prioritized a renovation of Windermere to be brought forth to the Town for consideration.

## Ellington High School

47 Maple Street

Square Feet 149,531 Year Originally Built 1960 Year Last Renovated 2002

**Immediate concerns:** Water penetration and egress at gymnasium door near loading dock; air conditioning in large spaces

Long-term concerns: Design limitations for 21st century learning; water penetration of EFIS above auditorium; age of

infrastructure (e.g. boilers, oil tank)

Ellington Middle School

46 Middle Butcher Road

Square Feet 83,021 Year Originally Built 1954 Year Last Renovated 1998

Immediate concerns: Air conditioning in gathering spaces (e.g. cafeteria, gymnasium)

**Long-term concerns:** Age of original infrastructure & updates (e.g. boiler pumps, VCT flooring)

Windermere School

2 Abbott Road

Square Feet 84,519 Year Originally Built 1966 Year Last Renovated 2014 – targeted improvements

Immediate concerns: Roof integrity over main office; continued growth of student population; bus lanes in morning and

afternoon

Legacy VAT tile in original wings of building; single pane windows in original wings; boiler efficiency

Center School

49 Main Street

Square Feet 55,847 Year Originally Built 1949 Year Last Renovated 2002

Immediate concerns: Air conditioning in cafeteria

Long-term concerns: Enough room for classrooms and currently houses Central Office staff; age of infrastructure (e.g. boilers, oil

tank)

Crystal Lake School

59 South Road

Square Feet 54,395 Year Originally Built 1957 Year Last Renovated 2014

**Immediate concerns:** Housing pre-K program; Closing open state grant; minor construction related issues

**Long-term concerns:** Addition of third well for water usage

Central Administration

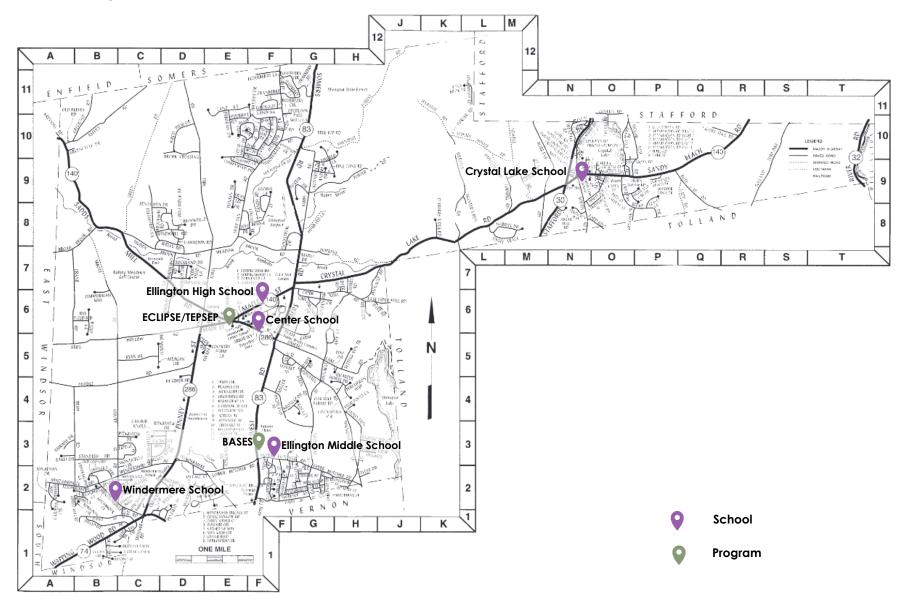

47 Main Street

Square Feet 2,500 Year Originally Built 1972 Year Last Renovated 1998

**Immediate concerns:** Ability to house Central Office staff (e.g. technology); storage

**Long-term concerns:** Functionality of space for professional learning and Board of Education meetings

# **District Map**

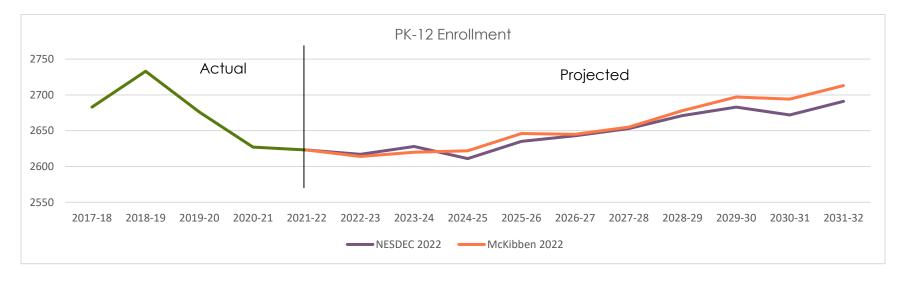

# **Enrollment Study**

Following the 2020-2021 school year, where COVID-19 led to dropping enrollment across the country, state, and Ellington, the 2022-2023 has seen enrollment patterns return more to "normal". Students returned to the classroom, though there were still lasting impact of the COVID-19 enrollment decline. Windermere's kindergarten class in 2020-2021 was 25% off the project amount and the district saw no appreciable increase in 1st grade and a slight increase in Kindergarten this year above base.

The district received two new enrollment studies this year, both of which show steady-to-increasing enrollment in the next decade. This is especially true at the elementary level, where students are projected to increase by 6-10% over this time period. The ongoing narrative in Connecticut is towards declining enrollment; Ellington's experience has not borne this out in the long haul. While birth rates declined 9-months after the start of the pandemic, there is some consideration of baby boom due to COVID-19, which some are predicting. <sup>3</sup> In Connecticut, births were up 4.3% from January-November in 2021 vs 2020. These students would show up in classrooms in 2026-2027.<sup>4</sup>

This modest increase in enrollment over the next decade does not necessarily mean existing capacity will meet future demand. Growth—even if it is modest—would immediately put pressure on the district to balance current, high quality services while maintaining reasonable increases to current operational costs.

# **Elementary Class Size Projections**

The district has been able to maintain moderately sized classes over the past decade, however increased growth will continue to pressure both the budget and operational capacity (e.g. facility size) to maintain this moving forward.

Currently, the most upward pressure on class size is occurring at Center School. This is in part due to a smaller class of 6<sup>th</sup> graders moving to the middle school next year that is maintained within the current staffing model. Windermere continues to have lower class sizes on average.

The projections used within this budget use historical cohort survival rates and more in line with the NESDEC projections.

The district is currently not requesting an unassigned elementary teacher to keep the budget request down.

However, without the insurance policy of the unassigned teacher, the district will be at risk of needing to hire a teacher without funds identified if a cohort grows beyond what is expected.

# **Budget Process**

Managing the budget is a process that impacts everyone in the district. The efforts to plan, implement, execute, and monitor the budget cut across the district. At certain times throughout the year, staff will be working on three different budget years. Below is a brief summary of the work done on the budget.

## Summer

- At the start of the fiscal year, July 1st, the new budget goes into effect.
- The Business Services department spends the summer setting up for the start of the school year.
- They also work diligently to process any invoices and get final numbers for the previous year. This culminates in the filing of the EFS to SDE by September 1st.
- Early conversations about the following year's budget are held.

## Fall

- The start of the school year brings additional work as payroll numbers increase and the schools continue purchasing supplies and other materials.
- The Board of Education begins planning for the next year by setting the Budget Calendar and Budget Guidelines (below).
- The administration begins the process of budget development, by asking staff members for budget requests. Budget meetings are held to discuss requests.

## Winter

- The Superintendent makes his proposal to the Board of Education.
- The Board of Education reviews the Superintendent's proposal and approves a budget during the January meeting.

## Spring

- The Board of Finance reviews the Board of Education's recommended budget, conducting hearings. The Board of Education budget accounts for roughly 2/3rds of the total Town of Ellington Budget.
- In April the Board of Finance recommends the full Town budget go to Town Meeting.
- In May, at the Town Meeting, the members of the public send the budget to referendum. The budget referendum is held.
- The Business Services department plans for the end of the school year, working to closeout open purchase orders and contracts.

# **Budget Calendar**

March 9 Board of Finance Review of Board of Education Budget

**April 12** Public Hearing, EHS Auditorium

**April** Board of Finance Budget Deliberations

May 10 Annual Town Budget Meeting, EHS Auditorium

## **Board of Education Budget Guidelines**

- 1) **COVID-19 Response and Long-Term Recovery** The Board of Education instructs the administration to take into the macroeconomic and local impacts of the COVID-19 Pandemic response and long-term recovery plan as the budget for 2022-2023 is developed. This includes ensuring one-time grants are used appropriately for one-time uses or programs and staff that do not lock the Board in to longer term obligations.
- 2) Five Year Capital Improvement Plan The Operations Committee of the Board of Education will make its annual recommendation for the Capital Improvement needs of the district. The plan should contain items found during the Facilities Study capital project. Authorization to submit the Five-Year Capital Plan to the town will be provided by the Board of Education no later than its November 2021 meeting.
- 3) Salaries All salary accounts must reflect the implementation of negotiated contracts. Appropriate funds for contracts to be negotiated will be included. The Finance Committee must review non-represented personnel whose salary agreements may expire at the end of the current fiscal year. All adjustments for known or anticipated retirements and vacancies are to be included. Costs associated with any requests for additional time or new positions must be clearly delineated as to their impact upon the budget. The impact of enrollment projections upon staffing must be clearly delineated.
- 4) **Health Insurance** As the Board has moved to a self-insurance model, appropriate funding of the Medical Self-Insurance fund is a long-term initiative that requires dedication and patience. These accounts must reflect the impact of all negotiated contracts. They must also include appropriate funds for any contracts yet to be negotiated. Data related to trend and plan usage will be provided by the Board's insurance representative.
- 5) **Utilities** With significant inflationary pressures in the utility markets, the district should continue to look for the best pricing available and lock into rate stabilizing contracts where appropriate.
- 6) **District Improvement Plans** The administration is directed to include appropriate funding for curriculum and professional development to support the areas of focus and the strategies contained in the district improvement plans.
- 7) **Technology** The administration is directed to include funding to continue the district's technology initiatives, including buildout of infrastructure and equipment required to maintain and enhance current capacity.
- 8) **Equipment & Supplies** The operating budget should contain continued funding for equipment and supplies, across all disciplines, to appropriately support curricular and instructional needs.

- 9) **Special Services** The administration will continue to meet the district's legal obligations and is encouraged to continue to provide quality services and programs for our students. Revenue generating programs that can be appropriately expanded should be considered.
- 10) **Staffing** The administration is directed to closely monitor student enrollment and to provide staffing recommendations that ensure appropriate class size as well as to meet the various program needs of all students at all levels within the constraints of resources provided. A full analysis of the ideal staffing model, including teaching and administrative positions, shall be conducted as part of the budget process. The budget should clearly delineate any staffing related to the district improvement plans.
- 11) **Estimated State-Aid** The administration's proposed budget should reflect the nature of any projected changes in state-aid from the current fiscal year, including any modifications to Educational Cost Sharing formula enacted by the legislature.
- 12) **Revenues** The budget should take into account proposed changes to special education revenue accounting practices. Planning around such revenues should be clearly delineated in the budget. The total sum of such revenues and associated expenditures should be a conservative estimation based on the variable nature of the funding source.

## **Account Explanation**

The district is currently undergoing an implementation of new financial software, as the current software will no longer be supported after the 2019-2020 fiscal year. The district administration took this opportunity to examine the chart of accounts and ended up making significant changes.

These changes bring the structure of the chart of accounts, and the descriptors with each element in-line with the most recent federal and state requirements for reporting of district finances. This effort will streamline reporting to the state, but will also provide budget stakeholders with more information.

Each account includes 25 digits, broken up into eight categories. The structure is shown in the color-coded table below. On the following page, you will find an explanation of Object codes used throughout this budget document.

Fund	Level	Location	Program	Department	<b>Function</b>	Object	Index
XXXX	XX	XX	XXX	XX	XXXX	XXX	XXXXX

To simplify for everyday processing, each account has an Index number, a unique 5-digit shorthand that is used to quickly lookup account information and prevent possible duplication of account numbers. Here is one full example of an account within our accounting structure:

Transportation - REG **1000-50-99-100-53-2710-510-99531** 

This effort to examine the Chart of Accounts also resulted in the renaming of all accounts—over 500—within the budget.

# Systemwide Budgets Q & A

### Q: There is a significant decrease in PM Rentals in the Student Services Budget, why?

A: This reflects a shift of costs from the Rentals account to the Equipment account based on the availability of resources for these products.

### Q: The transportation budget is up significantly in for VOAG and Special Education services. Why?

A: This budget accounts for the increase in contractual costs but also plans for an increase in services for Special Education transportation, in part due to the need for additional vehicles tied to COVID-19. The increase in VOAG is in part tied to additional students (which have also put pressure on the tuition budget). However these costs do not reflect new spending overall, as they have been re-allocated within existing capacity.

### Q: Where have costs been cut?

A: Special Education tuition is the primary source of cuts within the systemwide budget. This is primarily due to additional programming offered by the district that has allowed us to return students to the district.

### Q: Why did the Academic Enhancements budget get zeroed out?

A: This does not reflect a change in programming, however the district will be leveraging existing balances with the Education Programs Fund in order to provide these services.

### Q: The largest overall increase seems to be in Salaries. What is driving this increase?

A: The salaries accounts make up almost two thirds of total budget expenditures and thus are going to have an outsized impact on the total increase. These are driven by investments in new positions (e.g. Director of Athletics and Wellness) as well as positions for programs created in the 2021-2022 school year in a budget neutral way.

# Student Services Outside Tuition & Transportation

# 7-12 Schools Budget Q & A

### Q: Were these budgets developed using zero based budgeting principles?

A: Yes. The school administration worked with building stakeholders to develop a budget request based on the needs of each building in running their programs. However, due to budget constraints, the 7-12 budget requests were cut by over \$50,000 back to their 20-21 base plus any contractual increases.

### Q: The Middle School & High School have asked for a late bus for several years now, where is it funded from?

A: Ellington Middle School currently runs the late bus out of the Choice account and student activities monies. This budget continues the choice funding, with the expansion of the late bus within these monies.

### Q: Why are the EHS Official's Fees line item up so much?

A: This is driven by historical figures and the increased cost of officials, including additional games that need to be factored into the budget.

### Q: Why is EHS not budgeting for the NEASC Accreditation?

A: The NEASC Accreditation process has changed significantly where the costs associated based on historical practices will not be incurred moving forward.

### Q: The EHS Athletic Stipends have decreased, why?

A: This is not a reflection of any decrease in programming, however with turnover in certain positions, stipends have reset to a base amount.

#### Elementary Schools Budget Q & A

#### Q. Elementary budgets have a very small increase this year, why?

A: As described by the principals and teachers at the Board workshop, budgets were developed based on needs to run the program going forward, in line with zero based budgeting principles. And although supplies costs have increased due to inflationary pressures, ultimately these budgets were trimmed back to their prior year figures.

#### Q: Why is the Windermere's English Supplies budget down by 43.77%?

A: This budget shifts some resources from English Supplies to English textbooks. The English textbooks will support differentiated instruction within the general education classrooms classrooms. Some supplies needed for bubble grades will be supported in the current FY22 budget.

#### Q: What are some of the other programs this budget supports?

A: While the budgets are on the whole flat, they support a great deal of programs for students, including:

- English Language Arts textbooks are a need at all schools as we implement new programs.
- Sustained expansion of the elementary music, chorus and band programs across the three schools.
- Changes to the science and social studies curricula to align with the rigorous Next Generation Science Standards and CT State Social Studies Standards.
- Funding for innovative practices such as the Maker Space to provide opportunities for students in engineering and other creative practices.
- Materials for faculty study groups to advance the district four areas of focus.

<sup>\*</sup>Salary Basis, planned for start September 1, 2022.

#### **Staffing Requests**

#### **Proposed Staffing Requests**

#### Director of Athletics and Wellness

The Ellington Public Schools has sought a 1.0 FTE Director of Athletics and Wellness for the past four budget cycles, without success due to budgetary constraints. With turnover in the current model (0.4 FTE AD/0.6 FTE Physical Education Teacher), the ability to hire a new athletic director into an antiquated model becomes increasingly challenging. With approximately 40% of the Ellington High School students participating in athletics, this is an important district activity for many stakeholders. Moving this position to the administrative bargaining unit makes sense, as it will provide additional oversight in an area that is, from a risk management perspective, a higher risk activity with many compliance aspects.

This position as constructed will also oversee health and physical education curriculum, and wellness initiatives across the district. It has the added benefit of providing 0.4 FTE more Physical Education/Health resources at EHS, which is necessary to meet new state requirements for the provision of health curriculum.

#### EHS Special Education Teacher (0.5 FTE net additional)

This position is funded through shifting a current 1.0 FTE Literacy Specialist from EHS to the Elementary level, thereby increasing elementary services by 0.5 FTE once the current open position 0.5 FTE position is closed. In order to absorb the loss at EHS, the district would need to hire a 1.0 FTE Special Education teacher. The number of students per special education teacher caseload has increased significantly. The special education teacher will service students with significant reading and writing needs as well as SRBI Tier 3 students who need significant support.

### Requested Staff Not Included in the Proposed Budget

Location	Position	FTE	Estimated Salary	Estimated Benefits
Ellington Middle School	Special Education Techer	1.0 FTE	\$70,528	\$15,000

#### Superintendent's Goals 2021-2022

#### VISION

Ellington Public Schools grows exceptional learners and leaders who are courageous, reflective, and contributing citizens of the world.

#### **MISSION**

Ellington Public Schools creates a culture of learning that challenges and inspires all students on their personalized educational journey.

#### **AREAS OF FOCUS**

SOCIAL - EMOTIONAL LEARNING

HIGH IMPACT TEACHING STRATEGIES

FFFICIENT OPERATIONS

#### **GOALS**

- Co-create aligned instructional leadership at the district and school levels
  - a) Address the learning loss and accelerated learning though summer, fall and winter targeting improvement of SBAC scores for Spring 2022 with a special focus on literacy
  - b) Develop a coordinated and clearly defined Talented and Gifted and Enrichment programs to be implemented during the 2021-2022 school year
  - c) Continue to develop the continuum of services through building and implementing the BASES program to support learning for Ellington and area students with significant social emotional needs that impact access to learning and academic success
  - d) Continue the development and exploration of the Yale RULER Program to determine a social emotional learning systemic approach customized to the Ellington context (e.g. Seeds of Civility, etc.)
  - e) Continue to increase mindfulness and wellness practices through the reinvigoration of the Wellness Committee and other programming, including the Seeds of Civility initiative, to increase students' and staff's ability to cope with stress and be healthy.
  - f) Continue to increase the Board of Education's collaboration with administration and teachers to improve district improvement planning and accountability processes, including student achievement
- II. Develop effective school district community engagement and feedback strategies

- a) Continue to cultivate a sense of cohesiveness and respect at all schools through improving the workplace culture and climate utilizing various strategies and protocols including but not limited to conducting an assessment and implementing adjustments to the school district's feedback survey processes and format
- b) Continue to increase governing bodies' and communities' understanding of the facility study to move forward a town referendum for the Windermere Project in the winter or spring of 2022
- c) Launch initial data visualization dashboard for teachers, support teachers in accessing and using data, adjust dashboard based on teacher feedback
- d) Educate parents on the revamping of the high school advisory with a multi-tiered approach to academics, including global studies in which all cultures are valued, critical thinking (SAT PREP), and graduation-required portfolio work
- e) Continue with transparent communication strategies to promote significant silos of success
- f) Continue to advocate for state-level policy to further brand the Ellington Public Schools' reputation as a leader throughout the state
- III. Enhance efficient leadership of district and school level operations and finances
  - a) Focus on hiring and retaining talented and valued personnel within the district in light of the societal staffing shortage and state mandates associated with the health crisis
  - b) Collaborate with the Town to ensure progress with the Shared-Services Commission including the establishment and development of the new position entitled Director of Emergency Services
  - c) Continue to refine budget process to allow for themed and transparent communication including additional detail and clearer through lines between budget documents and presentations.
  - d) Increase student access to healthy, nutritious meals on a daily basis, and effectively manage the program fiscally to enhance its overall effectiveness
  - e) Work with the facilities team and other stakeholders to promote high indoor air quality through the application of the EPA's Tools for Schools Program

### Ellington Public Schools District Improvement Plan 2021-2022

Key Measures 2021-2022 Ellington Public Schools District Improvement Plan

Key District Based Qualitative Measures							
Social-Emotional Learning	Results from June 2019 Survey	December 2019	December 2020	2021 Results	2021-22 Target		
Students - Students at my school treat each other with respect	52%	75%	71%	64%	80%		
Students - I am taught how to manage my stress	56%	65%	64%	72%	80%		
Students - I feel connected to my school		NA	77%	74%	80%		
Teachers - There are clear rules and expectations for student behavior	65%	86%	90%	76%	80%		
Families - I know how my child is doing before I receive the report card	76%	83%	88%	84%	90%		
Families - I feel connected to my child's school		NA	87%	84%	90%		
Chronic Absenteeism	7.48% (18-19 School Year)	10.09%	9.3 %	10.98%	8%		
High Quality Teaching	3 Year Average (2016-17 through 2018-2019)	19-20 State Assessments Werdue to School Closure	e Not Administered	2021 Results	2022 Target		
Grades 3-8 SBAC Performance in Literacy % meeting/exceeding expectations (level 3 and 4 combined)	69.1%			64%	75%
