PREFACE

The material covered within this student handbook is intended as a method of communicating to students and parents regarding general district information, rules and procedures and is not intended to either enlarge or diminish any Board policy, administrative regulation or negotiated agreement. Material contained herein may therefore be superseded by such Board policy, administrative regulation or negotiated agreement. Any information contained in this handbook is subject to unilateral revision or elimination from time-to-time without notice.

This booklet is written for our students and their parents. It contains required and useful information. Because it cannot be as personal a communication as we would like, we address students not directly as “you” but rather as “the student,” “students,” or “children.” Likewise, the term “the student’s parent” may refer to the parent, legal guardian, or other person who has agreed to assume responsibility for the student. Both students and parents need to be familiar with the student handbook which is intended to promote school safety and an atmosphere conducive for learning.

The Student Handbook is designed to be in harmony with Board policy. Please be aware that the handbook is updated yearly, while policy adoption and revision may occur throughout the year. Changes in policy that affect portions of this Handbook will be made available to students and parents through newsletters, web pages, and other communications.

EMERGENCY SCHOOL CLOSING INFORMATION

All school closings, delays, emergencies, and early dismissals due to weather will be communicated through *School Messenger*. Emergency closings will also be posted on the district website, <http://www.ellingtonpublicschools.org>. In the event school is closed because of bad weather or another emergency, announcements will be made on radio stations WTIC (1080 AM, 96.5 FM) as well as WFSB (TV Channel 3), WTNH (TV Channel 8), WVIT (TV Channel 30) and WTIC (TV Channel 61).

FACILITIES

Certain areas of the school will be accessible to students before and after school for specific purposes, such as athletics and clubs and/or performance groups. Students are expected to remain in the area in which their activity is scheduled to take place. After dismissed and unless involved in a teacher/staff supervised activity, students are expected to leave the campus immediately. The library/media center will have extended hours after school on days when school is in session.

VISITORS

Visitors must press a call button at the front door for entry into the building, at which time they are screened to determine the reason for the visit. All visitors must first report to the main office. Visits to individual classrooms during instructional time (7:35-2:15) are not permitted.

Unauthorized persons shall not be permitted in school buildings or on school grounds. School principals are authorized to take appropriate action to prevent such persons from entering the building or from loitering on the grounds. Students who have been suspended or expelled are not permitted on school grounds or anywhere a school activity is taking place. This includes any athletic or other events that occur off the EHS campus. Such persons will be prosecuted to the full extent of the law.

All visitors are expected to demonstrate the highest standards of courtesy and conduct. Disruptive behavior will not be permitted.

LIBRARY/MEDIA CENTER

The library/media center provides students with print and digital materials for research, pleasure-reading, and enrichment. Students may access the library for help with research projects, quiet study, and group work. Additionally, The Knight Center and Zen Zone are located in the library for student use. Students are responsible for any materials they sign out. Materials must be returned to the circulation desk according to the due date. Students must pay for any materials they lose or damage. All library obligations must be discharged in full before receiving a cap and gown prior to graduation.

Students wishing to spend their study hall at the library must first check in at their assigned study hall for attendance and obtain a pass. For study halls that run during the daily lunch period, students must obtain a special library pass from the librarian in the morning and present this pass to their study hall teacher before they are dismissed down. Students are expected to arrive on time at the beginning of the block, sign in on the Google sheet, and remain for the duration of the period. Students are expected to return promptly from lunch as for any other class or study hall. Students who arrive late will not be admitted, and students who do not return from lunch in a timely manner may incur loss of this privilege.

Teachers may issue passes to students from their classes to attend the library, Knight Centre, and Zen Zone as well.

ATTENDANCE- [Refer to BOE Policy 5113](#)

STUDENT ATTENDANCE/EXCUSES/DISMISSALS

Connecticut state law requires parents to cause their children, ages five through eighteen inclusive, to attend school regularly during the hours and terms the public school is in session. Parents or persons having control of a child five years of age have the option of not sending the child to school until ages six or seven. Mandatory attendance terminates upon graduation or withdrawal with written parent/guardian consent at age seventeen.

A student is considered to be “in attendance” if present at his/her assigned school, or an activity sponsored by the school (e.g., field trip), for at least half of the regular school day. A student who is serving an out-of-school suspension or expulsion should always be considered absent. A student not meeting the definition of “in attendance” shall be considered absent.

Classroom learning experiences are the basis for public school education. Time lost from class is lost instructional opportunity. The Board of Education requires that accurate records be kept of the attendance of each child, and students should not be absent from school without parental knowledge and consent.

Definitions (related to chronic absenteeism)

Chronically absent child:

An enrolled student whose total number of absences at any time during a school year is equal to or greater than ten percent of the total number of days that such student has been enrolled at such school during such school year.

Absence:

An excused absence, unexcused absence or disciplinary absence, as those terms are defined by the State Board of Education or an in-school suspension that is greater than or equal to one-half of a school day.

District chronic absenteeism rate:

The total number of chronically absent children in the previous school year divided by the total number of children under the jurisdiction of the Board of Education for such school year.

School chronic absenteeism rate:

The total number of chronically absent children for a school in the previous school year divided by the total number of children enrolled in such school for such school year.

Excused absence:

A student’s absence from school shall be considered “excused” if written documentation of the reason for such absence has been submitted within ten (10) school days of the student’s return to school and meets the following criteria:

- A. For absences one through nine, a student’s absences from school are considered “excused” when the student’s parent/guardian approves such absence and submits appropriate documentation to school officials.
- B. For the tenth absence and all absences thereafter, a student’s absences from school are considered excused for the following reasons:
 1. Student illness (must be verified by a licensed medical professional to be deemed excused, regardless of the length of the absence);
 2. Student’s observance of a religious holiday;
 3. Death in the student’s family or other emergency beyond the control of the

- student's family;
 - 4. Mandated court appearances (documentation required);
 - 5. The lack of transportation that is normally provided by a district other than the one the student attends (no parental documentation required);
 - 6. Extraordinary educational opportunities pre-approved by District administration and to be in accordance with Connecticut State Department of Education guidance.
- C. A student's absence from school shall be considered unexcused unless:
- 1. The absence meets the definition of an excused absence and meets the documentation requirements; or
 - 2. The absence meets the definition of a disciplinary absence, which is the result of school or District disciplinary action and are excluded from these State Board of Education approved definitions.

When the school in which a child is enrolled receives no notification from a parent or other person having control of the child is aware of the child's absence, a reasonable effort shall be made by school personnel or volunteers under the direction of school personnel to notify by telephone and by mail such parent or other person having control of the child.

Responsibility for completion of missed classwork lies with the student, not the teacher. Unless a student has an extended illness, all make-up work will be complete within five days after the student returns to school.

Excused Absences for Children of Service Members

An enrolled student, age five to eighteen, inclusive, whose parent or legal guardian is an active duty member of the armed forces, as defined in section 27-103, and has been called to duty for, is on leave from, or has immediately returned from deployment to a combat zone or combat support posting, shall be granted ten days of excused absences in any school year and, at the discretion of the Board of Education, additional excused absences to visit such child's parent or legal guardian with respect to such leave or deployment of the parent or legal guardian. In the case of such excused absences such child and parent or legal guardian shall be responsible to obtaining assignments from the student's teacher prior to any period of excused absence, and for ensuring that such assignments are completed by such child prior to his or her return to school from such period of excused absence.

Chronic Absenteeism

The Board of Education, in compliance with statute, requires the establishment of attendance review teams when chronic absenteeism rates in the District or at individual schools in the District meet the following circumstances:

- 1. A team for the District must be established when the District chronic absenteeism rate is 10 percent or higher.
- 2. A team for the school must be established when the school chronic absenteeism rate is 15 percent or higher.
- 3. A team for either the District or each school must be established when (a) more than one school in the District has a school chronic absenteeism rate of 15 percent or higher or (b) a District has a District chronic absenteeism rate of 10 percent or higher and one or more schools in the District have a school chronic absenteeism rate of 15 percent or higher.

The membership of attendance review teams may consist of school administrators, guidance counselors, school social workers, teachers, chronically absent children, parents or guardians of chronically absent children, and representatives from community-based programs who address issues related to student attendance by providing programs and services to truant.

Each attendance review team shall be responsible for reviewing the cases of truants and chronically absent children, discussing school interventions and community referrals for such truants and chronically absent children and making any additional recommendations for such truants and chronically absent children and their parents or guardians. Each established attendance review team shall meet at least monthly.

TRUANCY

A student is considered truant if they have four (4) or more unexcused absences in one month or if they have ten (10) or more unexcused absences in a school year.

If a student is found to be truant, EHS will use the following procedure:

- 1) A parent meeting will be scheduled and an attendance plan will be created. Attendance plans may include home visits from EHS staff or discipline/loss of privilege for absences if appropriate given the circumstances of the truancy.
- 2) If truancy continues, the student will be referred for a Planning and Placement Team (PPT) meeting. Additional supports and structures to improve attendance will be implemented at this meeting.
- 3) If truancy continues, a referral to an outside agency such as the Ellington Truancy Board, Ellington Youth and Family Services or the Connecticut Department of Children and Families will be made for additional family supports to improve attendance.

The District shall annually include in information for the strategic school profile report for each school and the District that is submitted to the Commissioner of Education, data pertaining to truancy and chronically absent children.

Dismissal

No school, grade, or class may be dismissed before the regularly scheduled dismissal time without the approval of the Superintendent or his/her designee.

No teacher may permit any individual student to leave school prior to the regular hour of dismissal without the permission of the Principal.

No student may be permitted to leave school at any time other than at regular dismissal without the approval of the student's parent/guardian. If a court official with legal permission to take custody of a child, or if a police officer arrests a student, the parent/guardian should be notified of these situations by the administration.

DISCIPLINARY CONSEQUENCES FOR UNEXCUSED ABSENCES

Upon the first unexcused absence in a class in a single semester:

- The administrator or administrator's designee will issue the student an After School Detention for 40 minutes.
- The administrator or administrator's designee will discuss the situation with the student, notify the student's counselor, and may contact the parent.

Upon the second unexcused absence in a class in a single semester:

- The administrator or administrator's designee will assign the student a two (2) hour Saturday detention.
- The administrator or administrator's designee will discuss the situation with the student, notify the student's counselor, and may contact the parent.

Upon the third unexcused absence in a class in a single semester:

- The administrator or administrator's designee will assign the student a three (3) hour Saturday Detention.
- The administrator or administrator's designee will review the circumstances with the student to develop appropriate interventions to avoid a loss of credit.
- The administrator or administrator's designee will notify the student's counselor, along with notifying the student's parent by mail of the detention and of the potential loss of credit.

Upon the fourth unexcused absence in a class in a single semester:

- The administrator or administrator's designee will assign the student two (2) consecutive three (3) hour Saturday detentions (a total of six (6) hours of Saturday detention, divided across two Saturdays). The administrator or administrator's designee will notify the parent, student and counselor of the detention and the student's loss of credit if the course is a half-year course.
- Additional unexcused absences will result in further disciplinary action.

Lengthy absences while class is in session (e.g. "wandering the halls") will be treated as a class cut and marked as an unexcused absence for that class.

Full-day unexcused absence will be considered as truancy and will result in a 3 hour Saturday detention.

Note: Unexcused absences include:

- *Absences where a parent or guardian hasn't provided a bona fide excuse. Depending upon Connecticut State reporting requirements, a bona fide excuse may be called in or substantiated by written documentation.*
- *Any class "cut".*
- *Any absence due to inability to secure timely private transportation to school (does not include absence due to late bus).*

ABSENCE LIMIT FOR COURSE CREDIT AT THE HIGH SCHOOL

- Full-year courses: Students who have eight (8) unexcused absences or eighteen (18) or more total absences (both excused and unexcused) will receive the academic grade earned but will not receive credit for the semester. An opportunity will be given to appeal this loss of credit.
- Half-year courses: Students who have four (4) unexcused absences or nine (9) or more total absences (both excused and unexcused) will receive the academic grade earned but will not receive credit for the semester. An opportunity will be given to appeal this loss of credit.
- Students who lose credit are expected to remain in class for possible reinstatement of credit. (See Appeals Process, below)

TARDINESS (not present in the classroom and prepared for learning when bell rings)

Excused Tardy: To excuse a tardy at the beginning of the student's school day, the student must present a note from a parent / guardian with a specified arrival time and the reason for being tardy to the attendance clerk to determine if the tardy is excused. Just as with absences, tardiness will not be excused for oversleeping, unverified transportation problems, etc. The following are acceptable reasons for being tardy to a class.

- Personal illness
- Appointment with a health or legal professional
- Family emergency
- Late bus (does not require a note from parent / guardian)

To excuse a tardy midway through the student's school day, the student must present to their teacher a current, signed, and unused pass from another staff member excusing their lateness to class.

Unexcused Tardy: Lateness to periods A-H up to 15 minutes to class without a legitimate pass from a staff member or acceptable note from a parent/guardian. Teachers will admit late students to class and mark them as "tardy" if they are unexcused. Students more than 15 minutes late to class without a legitimate reason or pass will be considered to have an unexcused absence for that class period.

Consequences for unexcused tardies:

- Three unexcused tardies within a single semester are equivalent to one unexcused absence and will receive the consequence for a first unexcused absence.
- Six unexcused tardies within a single semester are equivalent to second unexcused absence and will receive the consequence for a second unexcused absence.
- Nine unexcused tardies within a single semester are equivalent to third unexcused absence and will receive the consequence for a third unexcused absence.
- Twelve unexcused tardies within a single semester are equivalent to fourth unexcused absence and will receive the consequence for a fourth unexcused absence, including potential loss of credit
- Additional tardiness in a semester will result in further disciplinary action.

Credit Appeals Process

Students who have lost credit due to excessive absences or tardies will be called down to the main office and given a letter: 1) documenting their loss of credit and 2) detailing the date and time of their appeal hearing.

At the appeal hearing, the student will appear before members of the EHS Attendance Appeals Committee to present to the committee why they believe that they should have their credit returned. The credit appeals rubric will be an integral part of the deliberation in this hearing; the student is encouraged to familiarize themselves with that rubric (in the EHS Student Handbook) and to prepare accordingly. A parent/guardian or other advocate is encouraged to accompany the student to their appeal hearing.

In cases with significant extenuating circumstances, an administrator, working in conjunction with the student's counselor, may choose to exempt the student from the appeals process and return their credit without a hearing.

LEAVING SCHOOL GROUNDS/RELEASE OF STUDENTS FROM SCHOOL

Under no circumstances may a student leave the school or school grounds during school hours without permission from his/her parents or guardians and school administration. In the event it is necessary for a student to be dismissed early, a parent or guardian should send a written request to the office. Telephone requests for early dismissal of a student shall be honored only if the caller can be positively identified as the student's parent or guardian. Children of single-parent families will be released only upon the request of the parent whom the court holds directly responsible for the child and who is

identified as such in the school records, unless prior arrangements have been made with the school. Arrangements should be made with the building administrator by the parent or guardian to pick up the student in the school office.

If someone other than a parent/guardian picks up the student, the person appearing in the school office should bring a note of identification from the parent or guardian.

Early Dismissal

All students are required to be in attendance for all scheduled classes and study halls. All students, regardless of age, must present to the office a note from a parent or guardian requesting early dismissal no later than the beginning of the school day on the date of early dismissal. A request for early dismissal will be honored to accommodate an emergency or other extraordinary situation. Unilateral excuses for extended periods of time are now allowed. **It is not to be used to excuse students from study hall or any other class obligation.** In the case of emergency, the office will accept a telephone request from the parent prior to dismissal. Any student who leaves the building or grounds without clear permission from the administration will receive a cut for all missed classes. Unless a student has a court generated certificate of emancipation, he/she may not be dismissed without a parent or guardian's permission as noted above.

Senior Late Arrival/Early Dismissal

Seniors are eligible for late arrival if they have an unscheduled blocks at the beginning of the school day. Likewise, seniors may leave the building when their last class of the day has ended. However, it is important to note that Ellington High School does not have an open campus, and once seniors have arrived at school they may not leave the building until the end of their scheduled classes. Seniors using school transportation must remain in the building and be accounted for during the entire school day. **Please note that schedule changes will not be made to accommodate this privilege.** These privileges will be revoked when there is a pattern of misbehavior, tardiness or absence to other scheduled classes and study halls, cut classes, or truancy.

STUDY HALL

If a student needs to see a teacher for help or make-up work during a study hall, **the student must provide the study hall teacher with a signed pass beforehand from the receiving teacher.** The student will be marked present by the study hall teacher. The two teachers should communicate to insure that the student is honoring the intent of the pass and to verify the students return to the study hall if appropriate.

Guidance passes must be obtained prior to the beginning of the study period. Generally, students will need to sign up a day in advance. The student must then give the pass to the study hall teacher at the beginning of class and prior to going to the guidance office. The student should be marked present by the study hall teacher. Study hall teachers should not send students to the guidance office without the pass unless they deem it an emergency.

If students are working on a group project, they will need a pass from their teacher to collaborate in the library.

Classroom study halls are to be silent work periods. Students are expected to bring homework or reading materials. Cafeteria study halls are primarily academic work periods. Moderate conversation among students is permitted. Card playing during study hall is prohibited. Students are allowed to use electronic devices in study hall in accordance with the Ellington Board of Education Bring Your Own Device policy.

EXPECTATIONS & CODE OF CONDUCT

CONDUCT (in general)

http://www.ellingtonpublicschools.org/uploaded/District_files/boe/policy/BOE_Policy_2017_06_01.pdf

Students are responsible for conducting themselves properly in a responsible manner appropriate to their age and level of maturity, as well as in accordance with our Core Values and Beliefs. The district has authority over students during the regular school day and while going to and from school on district transportation. This jurisdiction includes any school-related activity, regardless of time or location, and any off campus school-related misconduct, regardless of time or location. Student responsibilities for achieving a positive learning environment in school or school related activities include:

1. Attending all classes, regularly and on time.
2. Being prepared for each class with appropriate materials and assignments.
3. Being dressed appropriately.
4. Showing respect toward others.
5. Behaving in a responsible manner.
6. Paying required fees and fines.
7. Obeying all school rules, including safety rules, and rules pertaining to Internet safety.
8. Seeking change in school policies and regulations in an orderly and responsible manner, through appropriate channels.
9. Cooperating with staff investigations of disciplinary cases and volunteering information relating to any offense.

Conduct Off School Grounds

Students are subject to disciplinary action, including suspension and expulsion, for misconduct which is seriously disruptive of the educational process and is a violation of publicized Board of Education policy, even if such conduct occurs off-school property and during non-school time. In determining whether conduct is “seriously disruptive of the education process” for purposes of suspension and expulsion, the administration in cases of suspension, and the Board of Education or impartial hearing board, in matters of expulsion may consider, but consideration is not limited to (1) whether the incident occurred within close proximity of a school, (2) whether other students were involved, or whether there was gang involvement, (3) whether the conduct involved violence, threats of violence, or the unlawful use of a weapon and whether any injuries occurred, and (4) whether the conduct involved the use of drugs and or alcohol.

ASSEMBLIES

There are times when classes, grades, teams or the entire school may gather for assembly programs. These programs are arranged to bring information or entertainment to the student community. A student’s conduct in assemblies must meet the same standards as in the classroom.

DRESS CODE- [Refer to BOE Policy 5132](#)

The Ellington Board of Education believes in maintaining the highest behavioral and academic standards for students, and to that end, also believes that proper apparel should be worn to promote a positive, safe, and healthy learning environment. The school administration is responsible for the interpretation and implementation of this policy at the school level.

The Ellington Board of Education believes that students should dress and groom themselves for the business of school. They should maintain a decorum of decency, and their dress and person should be neat and clean, and in no way be disruptive to the educational process.

The wearing of clothing, hair arrangements or other personal adornments which cause disruption of, or interference with, the educational process or operation of the school is prohibited.

In keeping with these beliefs, the following apparel is prohibited from wear in the Ellington Public Schools during the academic school day:

1. Coats, jackets, or other apparel normally worn as outerwear (unless building conditions necessitate otherwise).
2. Apparel which constitutes a safety hazard (spiked or studded bracelets, oversized/name belt buckles, chains and any other articles of attire with spikes or studs attached).
3. Footwear which marks/damages floors or constitutes a safety hazard. In certain instances, such as science labs, the building Principal may require students to refrain from wearing sandals, beach shoes, etc.
4. Sunglasses (unless required by doctor's written order).
5. Shirts/blouses/dresses which reveal the abdomen, chest or undergarments.
6. Apparel or accessories such as logos or emblems that encourage the use of drugs, tobacco products, alcoholic beverages, violence, or depict gang related colors/symbols.
7. Apparel or accessories which promote discrimination against individuals or a class of individuals prohibited by law (i.e., the wearing of Confederate flags, swastikas, clenched fists or other similar symbols).
8. Shorts, miniskirts or pants which reveal an excessive and/or inappropriate amount of the upper thigh or undergarments; undergarments worn as shorts or outerwear.
9. The deliberate wearing of soiled/dirty clothing.
10. Apparel depicting rude, pornographic or vulgar graphics, sexually implicit or explicit messages, and "double meaning" offensive messages.
11. Pants worn below the waist which fails to completely cover undergarments.
12. Head covering of any kind, including, but not limited to: scarves, bandannas, masks, athletic headbands, hats caps and hoods except for required legitimate religious head coverings.
13. For students in grades K-6 backpacks and/or book bags should be left in an appropriate location and not carried by students during the day. For students in grades 7-8 backpacks and/or book bags are expected to be left in lockers/homerooms during the school day. Students at Ellington High School may carry backpacks and/or bookbags between classes which do not pose an obstruction to safe passage in the classroom or hallways.

Students whose dress and grooming does not conform to these standards will be referred to the building Principal or his/her designee. Students will be warned by the Principal/designee and advised of the adjustments that must be made. If the student fails to remedy the problem, consequences will be applied according to [Policy #5114](#).

The Board of Education policy does not intend, and should not be interpreted, to illegally discriminate against a student's First Amendment Rights.

SCHOOL CEREMONIES AND OBSERVANCES

The school district recognizes the value of certain ceremonies and observances in promoting patriotism and good citizenship among the students. Therefore, activities in schools commemorating national holidays such as Veterans' Day, Memorial Day, Thanksgiving and Presidents' Day are encouraged. Ellington reminds students, faculty and administration of the variety of religious beliefs, and all are urged to be conscious of and respect the sensitivities of others.

Activities related to a religious holiday or theme will be planned to ensure that the activity is not devotional, and that students of all faiths can join without feeling that they are betraying their own beliefs. Therefore,

1. school and class plays shall not be overly religious, and church-like scenery will be avoided;

2. religious music shall not entirely dominate the selection of music; and
3. program notes and illustrations shall not be religious or sectarian.

Students shall be given the option to be excused from participating in those parts of a program or curriculum involving a religious theme which conflicts with their own religious beliefs. If a parent or student has any questions regarding the use of religious music, artwork and/or symbols in a particular course/activity, the Principal should be contacted.

An opportunity will be provided, at the beginning of each school day, for students to observe an appropriate period of silent meditation and to recite the Pledge of Allegiance. Participation in these activities is voluntary. Nonparticipants are expected to maintain order and decorum appropriate to the school environment.

TEXTBOOK CARE AND OBLIGATIONS

Students are responsible for the care of books and supplies entrusted to their use. They will be assessed for damage to textbooks, equipment or materials. If an item is not returned they will be charged a replacement fee.

DISCIPLINE

A student who violates the district policies and school rules shall be subject to disciplinary action. Ellington High School employs restorative justice practices, although disciplinary actions may include using one or more discipline management techniques, such as verbal warning, restitution for damaged/stolen property, counseling, detention, removal from class, removal to an alternative education program, in school suspension, out of school suspension, and expulsion. Disciplinary measures will be appropriate for the offense. In addition, when a student violates the law, that student may be referred to legal authorities for prosecution. Students are subject to discipline, up to and including suspension and expulsion for misconduct, which is seriously disruptive of the educational process and violates publicized board of education policy even if such conduct occurs off-school property and during non-school time.

DETENTION

A student may be detained after school hours for not more than 45 minutes on one or more school days for violation of the school rules. For significant or multiple violations, students may be assigned a Saturday morning detention, which will range from 2 to 3 hours.

Students who fail to serve assigned detentions will still be held accountable for time owed. Having a job does not constitute an excuse for missing an assigned detention. The student is expected to make the necessary arrangements with the employer. Students who owe two (2) or more hours will lose all privileges (i.e. parking, participation in extracurricular activities, attendance at non-academic after school and evening events...etc.) until the time is made up. Detention time will not be made up in the form of in-school suspension; however, may be fulfilled through pre-approved community service hours. Arrangements must be made through the office of the Assistant Principal. Should a student accumulate four (4) hours of owed detention time, a parent meeting will be called to make arrangements to fulfill the accumulated hours. If a student has missed an assigned detention, it is the responsibility of the student to make arrangements with the office of the Assistant Principal to make up the time.

SUSPENSION

When a student causes serious disruption of the teaching and learning process within the school, the administration may suspend the student. School administrators will determine, using state guidelines, whether the suspension will be in-school or out-of-school.

The administration may suspend a student for infraction of school rules. Suspension is defined as an exclusion from school privileges for not more than ten (10) consecutive days, provided such exclusion shall not extend beyond the end of the school year in which suspension was imposed.

IN-SCHOOL SUSPENSION (ISS)

Students serving an in-school suspension will be housed in one room and the students will not leave this area between classes. In-school suspension will be from 7:35 am. – 2:15 pm. Students with late arrival or early dismissal will forfeit this privilege while serving an in-school suspension. Students will be required to complete the assignments of the ISS supervisor and follow the ISS schedule for the duration of their consequence.

OUT-OF-SCHOOL SUSPENSION (OSS)

Students are not allowed on school premises during their period of suspension. Class work missed may be made up. It is the responsibility of the student to initiate communication with the teacher regarding make up work and then to complete the assigned work. Students who are suspended for **more** than three consecutive days will have work assignments from teachers available to them and will be called when the assignments are ready. Make up time for students who are suspended for more than three consecutive days will be determined by the subject area teacher.

LOSS OF PRIVILEGE DUE TO SUSPENSION

Suspension from school will result in loss of extracurricular and social privileges during the period of suspension. Also, students who are serving a suspension (ISS or OSS) may not participate in or attend any field trips, after school activities, practices or athletic events during the period of suspension (the date that the suspension is served.) For multiple days of suspension that span a weekend or other non-school days, students cannot participate in extracurricular activities until after the final day of suspension is served.

Additionally, multiple suspensions will result in a loss of the following privileges:

- Underclassmen (9-11): 3 incidents of OSS = Loss of Prom
- Seniors:
 - 2 incidents of OSS = Loss of Class Day
 - 3 incidents of OSS = Loss of Prom
 - 4 incidents of OSS = Loss of Class Night
 - 5 or more incidents of OSS may result in exclusion from graduation ceremony

EXPULSION

A student may be expelled from school when the student causes a serious disruption to the teaching and learning process. Prior to an expulsion hearing, information concerning legal services that are provided free of charge or at a reduced rate that are available locally and how to access such services shall be provided to the student and his/her parent or guardian. The Board of Education may expel a student from school privileges if, after a full hearing, the Board finds that the student's conduct endangers person(s), property or the educational process or is in violation of a publicized Board policy.

Students who have been expelled are eligible for an alternative educational program. Expulsion from school will result in the loss of all extracurricular and social privileges during the period of expulsion. For any student expelled, the Board of Education may shorten the length of or waive the expulsion period if the student successfully completes a Board specified program and meets any other conditions required by the Board. Such a Board specified program does not require the student or the parent/guardian of the student to pay for participation in the program.

Student possession and/or use of weapons, including martial arts weapons, or other dangerous instruments in any school building, on school grounds, in any school vehicle, or at any school sponsored activity is cause for expulsion for a calendar year. A student who offers illegal drugs for sale or distribution on or off school grounds is also cause for expulsion for a calendar year. The Board may modify the expulsion period on a case-by-case basis.

Whenever a student is expelled, notice of the expulsion and the conduct for which the student was expelled will be included on the student's cumulative education record. The record will be expunged if the student graduates from high school and the expulsion was not for weapon possession and/or for the sale or distribution of illegal drugs.

If a student's expulsion is shortened or the expulsion period waived based upon the fact that the student successfully completed a Board specified program and/or met other conditions required by the Board, the notice of expulsion will be expunged from the cumulative educational record if the student graduates from high school or, if the Board so chooses, at the time the student completes the Board specified program and meets other Board required conditions.

A district student who has committed an expellable offense who seeks to return to a District school after having been in a juvenile detention center, the Connecticut Juvenile Training School or any other residential placement for one year or more, in lieu of expulsion from the District, shall be permitted to return to the appropriate school setting within the District. Further, the District will not expel the student from any additional time for the offense(s).

ACADEMICS

EDUCATIONAL PHILOSOPHY

Ellington Public Schools Vision Statement

Ellington Public Schools grows exceptional learners and leaders who are courageous, reflective, and contributing citizens of the world.

Ellington Public Schools Mission Statement

Ellington Public Schools creates a culture of learning that challenges and inspires all students on their personalized educational journeys.

Ellington Public Schools Core Values and Beliefs

We empower students and staff with the skills to discover and pursue their own passions and to embrace opportunities to be courageous, reflective, and contributing citizens of the world.

We create an equitable, inclusive and supportive culture where people are safe, accepted, and valued.

We value learning as an enlightening, lifelong process that happens in multiple ways.

We believe that positive relationships among all stakeholders create synergy and are the foundation for our learning community.

We celebrate innovation, collaboration, creativity and multiple forms of success.

We ensure that our learning environments are flexible spaces that encourage interaction, co-creation and independence.

We have an unrelenting commitment to the belief that everyone can continually learn and grow.

HOMEWORK- [Refer to Board Policy 6154](#)

The Ellington Public Schools define “homework” as independent practice and learning that happens outside of the classroom. These learning opportunities can help to serve as a connection between home and school. Independent practice reinforces skills that students should be able to practice with little support. Learning outside of the classroom may include work on long-term projects and tutorials or readings to prepare for new learning.

To be educationally meaningful, independent practice and learning assignments should:

1. Reinforce skills introduced in the classroom by providing additional practice.
2. Be at an appropriate level of challenge and allow for personalization.
3. Promote engagement in classroom activities and student success.
4. Provide opportunities for students to reflect on their learning and current performance.

MAKE-UP WORK

Any student absent from class, including while suspended, is required to make up all work missed. It is the responsibility of the student to see his/her teachers to obtain the work and help, if needed. With the exception of class cuts and homebound instruction, our guideline for make-up work allows for two school days for each day of absence.

LATE WORK

- **10%** grade reduction for each day late.
- After 5 days late there would be no acceptance of work. The grade would become a **0** at this point.
- No redo/retake opportunity for students who submit late work without extenuating circumstances

GRADING SYSTEM

Class Rank

Class rank is an important consideration in the admission policies of most colleges and universities. All students are ranked using a weighted system. Seniors will be ranked fifteen days prior to the last day of school to determine valedictorian, salutatorian, and the class scholars (top 5% of graduating class).

Student grades for all subjects given whole or fractional credit will be used in computing class rank. All courses are assigned a level: AP/ECE, Honors, or Academic. A student's grade will be multiplied by an assigned point value multiplier and then averaged to determine class rank. The level of difficulty for each course is assigned a quality point multiplier, as displayed below:

- AP/ECE.1.2
- Honors... 1.1
- College Prep. . . 1.0

The only courses not utilized when computing class rank will be those courses taken on a pass/fail basis, independent study grades, on-line coursework, grades from the Hartford Academy of Performing Arts, summer school grades, transfer credits, evening courses, and high school partnership grades. When the ranking procedure produces a tie, students who are tied are given the same rank number. The next student below a tied group is given the number he/she would have received had there been no tie.

Report Cards/Midterm Reports

Report cards are issued/posted four times a year, approximately every nine weeks. In addition, progress reports/midterm reports are issued at the mid-marking period. Report cards and progress reports are issued/posted on the portal. Grades given to students are determined by the teacher of the course, and the determination of the student's grade by the teacher, in the absence of clerical or mechanical mistakes, shall be final.

Parents/guardians will be notified via School Messenger when mid-term reports and report cards are posted on the portal.

Additional interim reports may be sent throughout the year if a teacher sees significant change in a student's performance or a student's grade drops to failing. **Parents should view marginal grades** as areas of real concern where the potential for failure is significant. In particular, teachers will notify parents if a student's average drops and, as a result, he/she is failing a given course.

Posting of Grades

Throughout the school year, scores for all graded assignments will be entered into the electronic grade book within ten (10) school days. Parents/guardians are encouraged to use the online portal to monitor academic progress and attendance.

Incomplete Grades

- Students with incomplete grades are subject to the Academic Eligibility policy for participation in all extra-curricular activities.
- Students are required to make up an incomplete grade within 10 school days of the issuance/notification of report cards. Exceptions to this policy require a review by the guidance counselor and an administrator to establish a timeline for completion of the exam and/or work.

Honor Roll

In general, students must carry a minimum of six credits during each quarter, and students are encouraged to do their best in all of their classes. Our honor roll is determined based on the criteria listed below without consideration for the course level. Honor roll will be based on an average of **all**

numeric grades for all courses. Any grade below a 77 in any class will eliminate a student from the honor roll. Students achieve marking period honors as follows:

- *High Honors*: minimum average of 89.50 with no grade lower than an 87
- *Honors*: minimum average of 79.50 with no grade lower than a 77

GRADUATING FROM ELLINGTON HIGH SCHOOL

Graduation Requirements- [Refer to BOE Policy 6146](#)

In order to graduate from Ellington High School students must:

- Fulfill the legally mandated number and distribution of credits prescribed by the state and adopted by our Board of Education.
- Satisfactorily demonstrate mastery of the subject-specific content standards adopted by the state. The Board of Education may grant credit to students who fulfill high school graduation requirements for successfully demonstrating mastery of content standards through educational experiences and opportunities that provide flexible and multiple pathways to learning. These pathways may include dual enrollment and early college, courses taken in middle school, internships, independent studies, virtual learning, and cross-curricular graduation requirements.
- Twenty-five (25) credits for the class of 2020 and beyond, along with the satisfactory completion of the performance standards determine eligibility for, and participation in, graduation. Students with fewer than the required number of credits or students who have not satisfactorily completed their academic requirements will not be allowed to participate in the graduation ceremony. Students who have accumulated five or more out-of-school suspensions in their senior year may be excluded from the graduation ceremony.
- All students must be enrolled in 6 courses per semester.
- Students enrolled in an AP/ECE Courses with additional lab time must be enrolled in no less than 5 courses per semester.

Credits

The amount of credit earned for each course can be found in the most current Ellington High School Program of Studies. Beginning with the class of 2020 credit for Algebra I, Spanish I and French I will be awarded for successful completion of these courses at Ellington Middle School.

Students may be able to retake failed courses within their regular schedule at Ellington High School. Failed courses may also be made up in summer school or approved alternate educational programs.

- In order to qualify for summer school make-up credit, a student must have passed at least half of the course in question. Full credit courses must have a minimum of two marking periods with passing grades. Semester courses must have at least one marking period with a passing grade.
- Students who take course in summer school or an approved alternate educational program must meet the passing standard of the sponsoring school.
- Students cannot attend summer school for a course if credit is lost due to cuts or absences (including absences accrued due to tardies).

Early Graduation Requirements

Any student who wishes to complete all requirements for graduation in fewer than eight semesters must apply for early graduation approval. All of the following requirements and criteria must be met in order to be considered for early graduation:

1. application form for early graduation must be completed by the end of five semesters for students who plan to graduate after six semesters
2. application form for early graduation must be completed by the end of six semesters for students who plan to graduate after seven semesters
3. A student requesting to graduate early must submit an early graduation request form to his/her school counselor. Final and official approval must be obtained from the school administrator.

Academic accomplishments, college placement, financial plans, job placement, and a review of the student's records will be taken into consideration in making decisions concerning requests for early graduation.

Other Academic Recognition(s)

In an effort to encourage academic achievement the high school faculty and administration publish a scholastic honor roll at the close of each marking period. The honor roll designates those students who have attained high honors or honors status. Student Spotlight Awards are presented at the end of the first, second and third quarters by each department to a student who has made a significant contribution to that area of study. Each spring an academic awards ceremony recognizes continued effort by students throughout the year. Significant achievements are shared with classmates, faculty, families, and friends at this evening ceremony.

PROMOTION, RETENTION AND PLACEMENT

Regular class attendance and participation in instructional activities is considered vital to students meeting the school system's academic standards. It is expected that a student will be in school every day as defined in the Board of Education's attendance policy #5113. High school students not in compliance with the attendance policy risk loss of credit for excessive absences, tardies, or class cuts.

The guidelines provided in Ellington Board of Education Policy 6146 are to be used in conjunction with state law as a reference by staff in considering students for promotion/retention.

For the class of 2020 and beyond - 25 total credits

Credits needed to become a sophomore 6

Credits needed to become a junior 12

Credits needed to become a senior 18

Credits needed to graduate 25

Any student who does not accumulate the required credits by the end of the school year will not be promoted to the next class as indicated in the chart above. These students will not be allowed to participate in any activities or events associated with the next sequential class. Once they achieve the necessary credits for promotion, they will be considered a member of that class as indicated in the chart above.

The amount of credit earned for each course can be found in the most current EHS Program of Studies.

Failed courses may be made up in summer school. In order to qualify for summer school make-up credit, a student must have passed at least half of the course in question. Full credit courses must have a minimum of two marking periods with passing grades. Semester courses must have a least one marking period with a passing grade. Students who take a course in summer school must meet the passing standard of the sponsoring school in order to receive credit. Students cannot attend summer school for a course if credit is lost due to cuts or absences. For seniors unable to fulfill their requirements within the normal structure of the school day, Ellington High School may accept course work equivalent to one high school credit from an alternate educational program pre-approved by the administration.

SUMMER SCHOOL

Failed courses may be made up in summer school. In order to qualify for summer school makeup credit, a student must have passed at least half of the failed course. For a full credit course a student must have passed a minimum of two marking periods. In a semester course a student must have passed at least one marking period. Students who take a course in summer school must meet the passing standard of the sponsoring school in order to receive credit. Students cannot attend summer school for a course if

credit is lost due to cuts or absences. For seniors unable to fulfill their requirements within the normal structure of the school day, Ellington High School may accept coursework equivalent to one high school credit from an alternate educational program pre-approved by the administration.

EXEMPTION FROM INSTRUCTION

A student will be exempted from instruction on Acquired Immune Deficiency Syndrome (AIDS), Bilingual Education, or Family Life and Sex Education upon receipt of a written request for such exemption from his/her parent or guardian. In addition, a student will be excused from participating in, or observing animal dissections as part of classroom instruction upon a written request from the student's parent or guardian. The student must complete an alternate assignment determined by the school.

CHEATING/PLAGIARISM

Refer to Board Policy 5121.3(a)

Students are expected to pursue their school work with integrity and honesty. Cheating and plagiarism demonstrates a lack of integrity and character. That is inconsistent with District goals and values. All forms of cheating and plagiarism are not acceptable. The misrepresenting by students of homework, class work, tests, reports, or other assignments as if they were entirely their own work shall be considered forms of cheating and/or plagiarism.

Recycling of assignments: No student will be permitted to submit the same material in two different courses. Recycling papers addresses various ethical issues, including "self-plagiarism," providing individuals with an unfair advantage. Consequences of cheating and/or plagiarism shall be academic in nature unless repeated incidents require disciplinary action. Consequences for cheating will take into account the grade level of the student and the severity of the misrepresentation.

TESTING

EXAMS (MID-YEAR AND FINAL)

Comprehensive exams are administered in all courses at the high school at the conclusion of the first and the second semester. Five days (including an exam make-up day) are set aside at mid-year and the end of the year for these exams. Exam grades are printed on report cards; however, they do not appear on transcripts. They are not counted as part of the second quarter and fourth quarter grades, but rather count independently in the final grade.

Course grades are calculated as shown below

STATE TESTING

All students in grade 11 shall annually take the SAT School Day examination and the Next Generation Science Standards (NGSS) assessment field test. At no cost, all students in grades 9 and 10 will take the PSAT in preparation for the grade 11 SAT School Day examination. Special education students participate in mastery testing programs except in the rare case when participation in an alternate assessment is detrimental to the student's IEP. In order to graduate students must meet District standards for graduation, in addition to required course credits. The mastery examination test is one of the measures to be used to determine if students have met the identified standards. Student scores on the statewide mastery test shall be included on transcripts and permanent records.

NATIONAL ASSESSMENT OF EDUCATIONAL PROGRESS (NAEP)

The federal No Child Left Behind Act requires schools selected to participate in this national testing program to notify parents of children who will be taking the test of their right to exclude their child. Parents also have the right to inspect all NAEP data, questions and assessment instruments.

ADVANCED PLACEMENT COURSES (AP)

The College Entrance Examination Board, in cooperation with thousands of colleges, has established a program by which students can earn college credit for work done in high school through the Advanced Placement (AP) program. **All students are eligible to take AP coursework.** Each May tests are given in these areas and students may receive college credit based on their scores on the exams. Students are strongly encouraged to take the AP Exam in the spring. Some colleges will advance a high school graduate to the sophomore level immediately because of his/her performance on the Advanced Placement exam. Students can thus save time and money in college, or open up their college schedules to allow greater flexibility. Details about the requirements of various colleges and preparation necessary to take the advanced placement exams can be obtained from your counselor, the AP teacher, or at <http://www.collegeboard.com>

SCHOOL/HOME COMMUNICATION

PARENT CONFERENCES/MEETINGS

Parents are encouraged to become partners in their child's educational successes. Each fall we host parent/teacher conferences, which provide time for parents to meet briefly with each of their son/daughter's teachers. Conferences with teachers may be held at any time during the school year. Parents and students, as well as teachers, counselors or administrators may initiate a conference.

A parent or student may arrange a conference with an individual member of the school staff or a group conference with school staff members. Meetings are held during school hours but every effort will be made to accommodate parent schedules. Student led conferences will be held in December and March.

Student Led Conferences

All students will participate in Student Led Conferences twice a year. Student Led Conferences provide students the opportunity to talk about and demonstrate their academic progress with parents and teachers. Advisors will serve as coaches and facilitate the Student Led Conference. The students will review their electronic portfolio with their parents. An electronic portfolio will serve as an important part in the Student Led Conference data gathering process. All students will reflect upon their learning and achievement of academic expectations using an electronic portfolio.

PARENT INVOLVEMENT/COMMUNICATIONS

Education succeeds best when there is a strong partnership between home and school based on communications and interactions. Parents/guardians are urged to encourage their children to put a high priority on education and to make the most of their educational opportunities available. Parents/guardians should become familiar with all of the child's school activities and with the District's academic programs, including special programs. Attendance at parent-teacher conferences, participation in parent organizations, attendance at Board of Education meetings and being a school volunteer are strongly encouraged. The [school website](#) is a valuable resource.

DISTRIBUTION OF LITERATURE

Students may distribute literature on school grounds and in school buildings provided such distribution does not interfere with or disrupt the educational process. No literature may be distributed unless a copy is submitted in advance to and approved by the Superintendent of Schools and/or the Building Principal.

DISTRIBUTION OF MATERIALS- Refer to BOE [Policy #1140](#)

Printed materials may be distributed to parents by students as an inexpensive means of mass communications to achieve educational and/or community service objectives. At the same time, this procedure can prove objectionable to parents and the school district if overdone.

To provide the most effective use of this technique without exploitation of staff or students, the superintendent or his/her designee may approve such distribution providing:

Distribution of Materials by Students

1. The materials relate to the school, community, local recreational or civic activities.
2. The materials do not relate to any religious belief or activity, or promote private gain.
3. The materials do not promote any political party, candidate or position.
4. Does not promote profit making organizations.
5. Does not advocate a position regarding a referendum question.

All requests from groups or individuals to have students distribute materials to people in the community will be referred to the office of the superintendent to determine whether the requests comply with overall school purposes and this policy. Publications prepared by or for the school may be posted or

distributed, with prior approval by the principal, sponsor or teacher. Such items include school posters, brochures, school newspapers and yearbook.

ADVERTISING- Refer to [BOE Policy 1325](#)

The public schools maintain careful controls on the way in which students are exposed to materials and announcements, other than those directly related to school sponsored programs and activities. Caution is exercised to prevent exploitation of the system and its students. District-prescribed standards shall be met.

TEACHER AND PARAPROFESSIONAL QUALIFICATIONS

Parents have the right to request information about the professional qualifications of their child's teacher(s). The response will indicate whether the teacher is certified for the subject matter and grade taught; the teacher's undergraduate major and any graduate degrees or certifications a teacher may have. Parents will also be advised, if requested as to whether the child is provided service by paraprofessionals and their qualifications.

STUDENT SUPPORT

GUIDANCE AND COUNSELING

Social services and counseling are rendered by professionally qualified members of the school staff. The responsibilities of the school counselors and school psychologists include helping the student function more successfully within the school environment. The district's comprehensive counseling program strives to assist students in acquiring critical skills in the academic, career, and personal/social aspects of development.

School counselors will use a variety of methods to assist students in overcoming barriers to learning, to make strong connections with the educational opportunities in the school and to ensure that every child learns in a safe, healthy and supportive setting.

Counseling is an opportunity to talk with someone about things that are important to students. These opportunities to talk may be personal, social, educational or vocational. Counselors will listen and be open and honest with students. School counselors are encouraged to issue appointment request forms to students. Appointments can also be arranged by filling out a Guidance Appointment request form in the office or by stopping by the guidance office before school, between classes, or after school.

Educational and career planning guidance is available along with information to develop a plan for the student's future. Parent notification and involvement will be solicited.

Referral for psychological and/or psychiatric assistance by other social services agencies within or outside the school may also be recommended. Please note: The school will not conduct a psychological examination, test, or treatment without first obtaining the parents/guardian's written consent.

PEER MEDIATION

Student volunteers are trained, through the peer mediation program, to assist other students in resolving conflicts. Mediation is a process used in which a neutral third party helps disputing parties find their own solutions to conflicts.

SPECIAL SERVICES

The school provides special education services for those students identified under the Individuals with Disabilities Education Act (IDEA). A student or parent with questions about these services should contact Dr. Kristy LaPorte, Director of Special Services

The District utilizes **Scientific Research-Based Interventions (SRBI)**, a process which combines systematic assessment, decision-making and a multi-tiered delivery model to improve educational and behavioral outcomes for all students. Academic and behavioral support and targeted interventions will be provided for students who are not making academic progress at expected levels in the general curriculum. The SRBI program is an early intervention system that helps students succeed in school. The team assists students with both academic and behavioral concerns and it consists of teachers, administrators, and support staff. Parents will be notified if their child is in the SRBI program. Teachers and parents can refer students or groups of students to the SRBI Team for support. The team will review the student(s) history, standardized testing, attendance, disciplinary records, teacher records, present performance and other pertinent data. Based on this information, they will develop goals to help the student succeed. Data will be kept concerning the achievement of these goals and it will be evaluated every six to eight weeks based on the student(s) needs. After the evaluation, the interventions may be maintained or altered if necessary. For more detailed information regarding the SRBI program, please refer to the [Connecticut Department of Education website](#):

For students eligible for Special Education services, a planning and placement team (PPT) is designed to provide communication and decision-making at the school level concerning the effective use of

resources. The team is also responsible for follow-up and annual review of all students in Special Education

Any student identified as possibly needing special education and/or related services must be referred to a special education Planning & Placement Team (PPT). The PPT will determine whether further evaluations are warranted. Parents must give their consent before any evaluation can be done or any services can begin. An Individualized Education Plan, based upon the diagnostic findings of the evaluation study will be developed by the PPT should a student qualify for special education services, with parental involvement. Please visit [our website](#) for more information.

ENGLISH LANGUAGE LEARNERS (ELL)

Connecticut state law requires every school to know which languages students and their families speak. Based on the Home Language Survey, which is completed as part of school registration, the district contacts families whose children may qualify to receive English Language Learner (ELL) services. The Language Assessment Scales (LAS) Placement Test is used to evaluate a student's English language proficiency. If your child qualifies for services, district personnel will contact you to discuss the ELL program.

MIGRANT STUDENTS

Ellington Public Schools support migrant students with appropriate education services to address their special needs while receiving full and appropriate opportunities to meet the same challenging state academic content and student academic achievement standards that all children are expected to meet. Individualized programming is available to meet the specific needs of each student. Please contact school administration for further information.

SCHOOL ALTERNATIVES

Connecticut celebrates a long tradition of excellence and innovation in education. Its schools offer a range of educational programs to meet the diverse needs and career aspirations of its students in a variety of settings including comprehensive local schools, regional vocational-technical schools, vocational agriculture centers, charter schools, and magnet schools. All these programs serve to prepare students for college, the workplace and active citizenship.

The Open Choice program allows urban students to attend public schools in nearby suburban towns. It allows suburban and rural students to attend public schools in a nearby urban center. Enrollments are offered by school districts on a space-available basis in grades K-12. Lotteries are used to place students when there are more applications than spaces available. The program includes Hartford, Bridgeport and New Haven and their surrounding districts.

STUDENT SCHEDULE CHANGES

Students are reminded that everyone, freshmen through seniors, **must** carry at least **six** credits during all four quarters.

STUDENT SCHEDULES/ADD AND DROP/WITHDRAWAL PROCEDURES

1. Changes may be made in a student's initial requests in March, and again in June by the last day of school. Students should sign up for an appointment with their school counselor during study hall, before or after school.
2. During the summer, schedule changes will be considered as a result of summer school course completion. Other program changes will be made during this period of time upon approval of the administration.
3. ADD/DROP period will take place only during the first 20 school days of a new semester. Students adding a course during the add/drop period are required to make up the missed assignments or complete alternative assignments.

A student must have written parental permission to withdraw from a course. The request to

withdraw must be submitted to the student's guidance counselor. Students are required to carry a minimum of six/five credits at all times.

4. Students who withdraw from a full-year course or a semester course after the drop period will receive a withdrawal (W) for that course—Students will not be allowed to withdraw from a course 4 weeks prior to the end of the semester for semester courses or 8 weeks prior to the end of the school year for full year courses.
5. Necessary prerequisites, class sizes and the limitations of both the student and master schedule will affect request for course changes and/or additional courses.
6. Student course selections will not be changed without first holding a conference with the student. Written permission of parents and a conference may be required.
7. After the additional 20 day add/drop period, all level changes require the approval of the administration.

CLASS PLACEMENT

Every effort will be made to place students with teachers where a positive student-teacher relationship will be established. Parents will have an opportunity to provide information relative to placement. The final decision for placement rests with the principal or his/her designee.

STUDENT SUCCESS PLANNING

A student success plan for each student enrolled in grades six through twelve shall be created. Such student success plan shall include a student's career and academic choices in grades six to twelve, inclusive.

The Student Success Plan (SSP) is an individualized student driven plan developed to address every student's needs and interests to help the student stay connected in school and to achieve postsecondary educational and career goals.

TRANSFERS AND WITHDRAWALS

Parents of students withdrawing from school must notify the guidance office in advance of their last day. At that time, they will be given forms to complete. Included will be a formal written statement of withdrawal and release of records form.

On their last day of attendance, students will be given a form that must be signed by each of their teachers. This form will indicate their grade at the time of withdrawal and that all materials have been returned. Records cannot be forwarded until all materials have been returned.

SCHOLARSHIPS, FINANCIAL AID AND AWARDS

Students should start early to establish records worthy of scholarship consideration. In general, requirements for scholarship consideration are some combination of the following: serious attention to studies, good character, financial need and involvement in the activities of the school. Many scholarships and awards are available to qualified students. Students should consult with a School Counselor for information about what scholarships are available and how, when and where to apply.

STUDENT HEALTH & WELLNESS

HEALTH SERVICES

The school health office is designed to provide care to students who become ill or are injured while in school.

A cumulative health file is maintained for each student. This file includes notations of past illnesses, results of physical examinations, and other pertinent health information. Scoliosis and hearing tests are administered to students in grade eight. The results are provided to the parents.

Parents are notified of any deviation from the normal pattern of health and suggestions are given for follow-up. It is likewise important that parents notify the school nurse in case of a student's illness. If a student is to be excused or limited for an extended period from participation in school activities, he/she is required to bring a statement signed by a physician. The school nurse is available to parents and students for conferences regarding health issues.

Administration of Medication - Refer to [BOE Policy 5141.21](#)

Administration of medication means any one of the following activities: handling, storing, preparing or pouring of medication; conveying it to the student according to the medication order; observing the student inhale, apply, swallow, or self-inject the medication, when applicable; documenting that the medication was administered; and counting remaining doses to verify proper administration and use of the medication. The administration of medication is regulated in a twenty page BOE policy. Please refer to the full document for more information or consult with the school's health care professional.

Communicable/Infectious Diseases

Students with any medical condition which within the school setting may expose others to disease or contagious and infectious conditions may be excluded from school and referred for medical diagnosis and treatment. Additional information concerning this may be obtained from the school nurse.

Before a child may return to school after an absence due to such condition, parents and students may be required to submit medical evidence that their child has recovered sufficiently to prevent exposing others.

Defibrillators in schools (AEDs)

Ellington High School has three automatic external defibrillators (AEDs) and school personnel trained in AED operation and cardiopulmonary resuscitation (CPR). The AEDs and trained personnel will be available during the school's normal operational hours, at school sponsored athletic events and practices on school grounds, and at school-sponsored events not taking place during normal school operational hours. The school also has an emergency action response plan addressing the use of trained school personnel to respond to individuals experiencing sudden cardiac arrest or similar life threatening emergencies.

Disabilities

The Ellington school district will not discriminate on the basis of disability as required under ADA, IDEA and Section 504 and C.G.S. 10-76a and any similar law or provision.

Emergency Medical Treatment

Parents are asked each year to complete an emergency information form for use by the school in the event of a medical emergency.

Health Records

School nurses maintain health records using the Connecticut "Health Assessment and Record Form." These records are accessible to certified staff working with the child and to school health aides if

permission is granted by the nurse or building administrator. Parents may request to inspect the health records of their child. Copies may be provided if requested. Original copies of the record are sent where a student transfers to another school in the state. If moving out-of-state, a copy will be forwarded. Health records are maintained for at least six (6) years after the student graduates. The District will comply with the requirements of the Health Insurance Portability and Accountability Act (HIPPA) to maintain the privacy of protected health information.

A diabetic student may test his/her own blood glucose level per the written order of a physician or advanced practice nurse stating the need and the capacity of the student to conduct self testing. Such self testing shall be done in accordance with the guidelines issued by the Commissioner of Education.

Homebound instruction

Home instruction is available to students who are unable to attend school for medical and/or mental health reasons for a period of two weeks or longer as diagnosed by a physician, psychiatrist with proper documentation on the school form provided to the parents for the physician to complete. A 504 meeting or a Planning and Placement Team will also be scheduled as necessary. Home instruction may also be provided for those students who have been excluded from regular school attendance for disciplinary reasons. Contact Dr. Kristy LaPorte, Director of Special Services, 860.896.2300.

Homeless Students

Homeless students, as defined by federal and state legislation (McKinney-Vento Act), will have all programs, services, and transportation that other students are entitled to and they may continue to attend the school of origin. The local liaison for homeless children is Dr. Kristy LaPorte, Director of Special Services at 860.896.2300. Please contact her for further information.

Immunizations

All students must be immunized against certain diseases and must present a certificate from a physical or local health agency. If the student should not be immunized due to medical or religious reasons, a statement from a physician or the parent as appropriate must be provided. The required immunizations are: Diphtheria, Tetanus, Polio, Pertussis, Measles, Mumps, Hepatitis A, Hepatitis B, Varicella (Chickenpox), Meningococcal, Pneumococcal, Rubella and Hemophilus Influenza Type B. Parents or guardians of any children unable to have the mandated immunizations prior to initial school entry and the boosters as required in the later grades may have the immunizations, on the recommendation of the Board of Education, be paid by the town.

In addition to the required immunizations for initial entry into school for kindergarten, regular and special education preschool programs, additional immunizations are required for entry into seventh grade and for entry into eighth grade. The school must enroll any homeless student even if the student is unable to produce the required medical and immunization records.

For further information regarding immunizations contact the school nurse.

Physical Examinations

In accordance with C.G.S. section 10-206, the Ellington Board of Education requires each tenth-grade student to have a health assessment during the tenth grade year. This mandated health assessment must be performed anytime from January 1st of a student's ninth grade year through May 1st of the tenth grade year, and must be performed by a legally qualified practitioner of medicine (M.D. or D.O.) who is licensed in this or another state, or by a qualified registered nurse (R.N) or advance practice registered nurse (A.P.R.N.) or a physician assistant (P.A.) licensed to practice in this state.

The health assessment must be documented on the State Department of Education's required health assessment record (HAR-3) or "blue form", and must include, but need not be limited to, the following:

1. Review and update the state-mandated immunizations to ensure compliance with requirements (obtain information from the health office).

2. Hemoglobin or hematocrit, blood pressure, height, weight, vision, hearing speech, postural and gross dental screenings;
3. Risk assessment for tuberculosis. If the student is in a high risk group, a Mantoux test for tuberculosis sensitivity must be administered and the test results must be documented on the form;
4. Chronic disease assessment

For your information: CT colleges now require students to have the meningococcal vaccine for college entry; other states may require this for college entry as well.

If a parent or legal guardian (or a student who is 18 years old or an emancipated minor) objects on religious grounds to:

1. the state-mandated health assessment, a signed statement to that effect must be submitted to the school nurse.
2. Immunization, a signed copy of the Immunization Exemptions and Exclusions-From School form must be already on file or submitted to the school nurse along with the complete HAR-3 form.

If a mandated immunization is contraindicated for medical reasons, a written statement for the health care provider, including the reason for the deferment, must be submitted to the school nurse along with completed HAR-3 form.

The HAR-3 form is reviewed by the school nurse and filed in the student's confidential school health record. If you have questions or confidentiality concerns, please speak with the school nurse.

Families who may require financial assistance in order to obtain a health assessment for their child should contact the school nurse.

INSURANCE

School insurance is made available to families through a specific program. Brochures are distributed to all students at the beginning of each academic year. While the program is not mandatory, it is suggested that parents take advantage of the opportunity to provide adequate protection for their children while in school. Any such arrangements are contractual between the parent and insurance carriers and the Ellington Public Schools assumes no liability from disputes arising from such contract.

CAFETERIA

All eating is to be done in the cafeteria. Rules of cleanliness are to be observed at all times. Misconduct in the cafeteria may be cause for receiving an assigned seat or forfeiting the right to eat in that location or such other disciplinary action deemed appropriate for the misconduct.

The District participates in the National School Lunch Program and offers to students nutritionally balanced lunches daily. Free and reduced price meals are available based on financial need. Information on this program can be obtained from Lindsay Cowles, Food Service Director. . Applications for free/reduced lunches are available in the main office and can be found on the district web site [here](#).

Food and beverages offered for sale to students, whether in the cafeteria, school store, or vending machines, will meet federal and state standards and guidelines. Sodas and sports drinks will not be available for sale.

Necessary accommodations will be provided, where required, for students with food allergies. Emergency procedures to treat allergic reactions which may occur will be determined by the school nurse.

LUNCH CHARGING- Refer to [BOE Policy 3542.43](#)

The goal of the food service program is to provide students with nutritious foods that will enhance learning. The school nutrition program is an essential part of the education system and by providing good-tasting, nutritious meals in pleasant surroundings; we are helping to teach students the value of good nutrition.

Although not required by law, because of the District's participation in the Child Nutrition Programs, the Board approves the establishment of a system to allow a student to prepay for meals. The District shall maintain a "no charging policy" for secondary students. The Middle & High School Main Offices extend credit to students who have no money or owe the cafeteria money. If a student has any amount of money on their lunch account, they receive a lunch and reimburse the difference.

FOOD ALLERGIES

The school is committed to providing a safe environment for students with food allergies and to support parents regarding food allergy management. A plan based upon guidelines promulgated by the State Department of Education will be implemented for each student for the management of students with life-threatening food allergies and glycogen storage disease.

Substitutions to the regular meal provided by the school will be made for students who are unable to eat school meals because of their disabilities, when that need is certified in writing by a physician. Meal services will be provided in the most integrated setting appropriate to the needs of the disabled student. An Individualized Health Care Plan (IHCP) and an Emergency Care Plan (ECP) shall be developed and implemented for students identified with food allergies. Such students may also be eligible for accommodations and services under Section 504 and special education law.

WELLNESS

Student wellness, including good nutrition and physical activity, is promoted through the District's educational program, school activities, and meal programs. Federal and state standards will be met pertaining to all foods and beverages available for sale to students. A sequential program of physical education is provided.

GREEN CLEANING PROGRAMS

A green cleaning program to clean and maintain the school was implemented by July 1, 2011. The program provides for the procurement and proper use of environmentally preferable cleaning products in the school. The cleaning products used meet standards approved by the Department of Administrative Services and minimize potential harmful effects on human health and the environment. Parents/Guardians may request a written copy of the District's policy pertaining to the green cleaning program and a written statement which includes the names and types of environmentally preferable cleaning products used in the school and where in the building they are applied; the schedule for applying the products; and the names of the school administrator or designee whom the parent/guardian or student may contact for more information.

"No parent, guardian, teacher, or staff member may bring into the school facility any consumer product which is intended to clean, deodorize, sanitize or disinfect"

SCHOOL SAFETY, SECURITY & PROPERTY

SCHOOL SECURITY AND SAFETY

It is a prime directive for the administration to ensure a safe environment for all members of the high school community. The following measures have been implemented to enhance building, personnel and student security:

1. Student and staff parking/vehicle identification process.
2. Building perimeter security 7:35 am - 2:20 pm.
3. Video surveillance
4. Vape detectors
5. Google monitoring
6. Unannounced regular State Police patrol of building and grounds.
7. Use of external and internal markers to discourage unauthorized visitors.
8. All external doors are locked for the duration of the school day. During this time all entrants to the building will be through the front doors only and designated student access door.
9. Visitors must press a call button at the front door for entry into the building, at which time they are screened to determine the reason for visit and then report to the main office to sign in.
10. Other security measures as recommended by the Connecticut State Police School Safety Audit conducted Spring 2013.

Ongoing dialogue and a cooperative program of action have been initiated between the high school administration and the Ellington Resident State Troopers' Office for the purpose of developing and maintaining improved security for our school community.

Please note: The possession of any weapon or weapon facsimile on school grounds or at school related activities is a serious offense that results in out of school suspension with a recommendation for expulsion. In addition, the distribution and/or sale of drugs on school property or at school activities results in out of school suspension with a recommendation for expulsion.

Each school in the District will develop and implement a school security and safety plan based upon the standards issued by the Department of Emergency Services and Public Protection. Each school, as required by law, shall establish a school security and safety committee which will assist in the development and administration of the school's security and safety plan.

The District has developed, maintains, an emergency disaster preparedness and response plan for implementation as needed, "School Security and Safety Plan". The plan is based upon the standards promulgated by the Department of Emergency Services and Public Protection Development and implementation of the plan includes collaboration with local and state emergency responders, (law enforcement, fire department, emergency rescue squads and local public health administrators). The plan, representing an all hazards approach, utilizes the four recognized phases of crisis management: (1) mitigation/prevention, (2) preparedness, (3) response, (4) recovery.

The school has school-resource officers on a part-time basis that work collaboratively with the school administration to maintain a safe school environment.

VIDEO SURVEILLANCE

Video/audio equipment will be used to monitor student behavior on campus. The principal and his/her designee will review the video recordings routinely and document students' misconduct. Discipline will be in accordance with the district's discipline policy. Videos shall be treated as protected student records under the Family Educational Rights and Privacy Act (FERPA).

PROPERTY, LOCKERS, AND EQUIPMENT

It is the policy of the Board to hold students responsible for any loss of or damage to the property of the school under the jurisdiction of the Board when the loss or damage occurs through fault of the student.

Any student damaging or defacing school property will be financially liable for restoring the property regardless of the condition of the property at the time of the destructive act, in addition to any other discipline up to and including arrest or civil prosecution as deemed appropriate.

In addition, anyone who witnesses such an act and fails to report it to the proper authorities will be considered as having contributed to that action. Such charges for damaged property will be exactly those which the school must incur to repair the damage.

Each student is assigned a locker, books and/or other equipment. These items are the property of the school, loaned to students for their convenience during the school year, should be kept in good order and not abused.

Searches of desks or lockers may be conducted at any time there is reasonable cause to believe that they contain articles or materials prohibited by district policy. Parents will be notified if any prohibited items are found in the student's desk or locker.

Students should not attempt to repair school equipment but should notify the (main office) immediately if it isn't function properly. Any damage done will be the responsibility of the person to whom it was loaned for the current year. Students (may/may not) bring in locks from home and attach to assigned lockers. Students are warned not to bring large sums of money or valuables to school, liability for these items remains with the student.

LOST AND FOUND

Any articles which are found in the school or on school grounds should be turned in at the main office. Unclaimed articles will be disposed of at the end of the school year. Loss or suspected theft of personal or school property should be reported to the main office.

SEARCH AND SEIZURE

The right to inspect desks, lockers and other equipment assigned to students may be exercised by school officials to safeguard students, their property and school property. An authorized school administrator may search a student's locker or desk under the following conditions:

1. There is reason to believe that the student's desk or locker contains contraband material.
2. The suspected presence of contraband material presents a serious threat to the maintenance of discipline, order, safety and health in school.

This document serves as advance notice that school board policy allows desks and lockers to be inspected if the administration has reason to believe that materials injurious to the best interests of students and the school are contained therein.

Under special circumstances, school officials may search students, particularly if there is reasonable suspicion that a student possesses illegal matter, such as a dangerous weapon or illegal drugs. Students must be aware that such items are forbidden both on school property and at school-related activities.

Student vehicles parked on school grounds may be searched if there is reasonable cause to search.

FIRE DRILLS AND EMERGENCY PREPAREDNESS

Fire drills are held at regular intervals as required by state law. Students must follow the exit directions posted in each classroom. A crisis response drill will be substituted for one of the required monthly school fire drills every three months. Crisis response drills will be planned and conducted with the local law enforcement agency.

For all drills, students are expected to follow the direction of teachers or others in charge quickly, quietly and in an orderly manner. When the alarm sounds, students are to proceed along the posted exit routes in a quick, quiet and calm manner. Students should not return to the building until the return signal is given.

SAFETY/ACCIDENT PREVENTION

Student safety on campus and at school related events is a high priority of the District. Although the District has implemented safety procedures, the cooperation of students is essential to ensure school safety. A student should:

- Avoid conduct that is likely to put the student or other students at risk.
- Follow the school's code of discipline
- Remain alert to and promptly report safety hazards, such as intruders on campus.
- Know emergency evacuation routes and signals.
- Follow immediately the instructions of staff who are overseeing the welfare of students.

STUDENT SAFETY

CHILD ABUSE

All school employees, including teachers, superintendents, principals, coaches of intramural or interscholastic athletics, paraprofessionals and other professional school staff including guidance counselors, social workers, psychologists and licensed nurses are obligated by law (C.G.S. 17a-101) to report suspected child abuse, neglect, or if a child is placed in imminent danger of serious harm to the Connecticut State Department of Children and Families Services. Specific procedures governing the reporting of abuse and neglect are in effect, and staff receive yearly training in their use.

Reporting of child abuse and neglect is a responsibility which is taken seriously. If there is any doubt about reporting suspected abuse or neglect a report will be made. The school will work with the parents and appropriate social agencies in all cases.

Child abuse is defined as any physical injury inflicted by other than accidental means or injuries which are not in keeping with the explanation given for their cause. Improper treatment such as malnutrition, sexual molestation, deprivation of necessities, emotional abuse, cruel punishment or neglect are also considered child abuse.

HARASSMENT STATEMENT- Refer to BOE Policy [5131.911](#)

Every child has the right to feel safe, valued and comfortable in school. No one else's behavior should ever make children feel afraid or embarrassed because of their race, color, religion, national origin, sex, or any disability they may have. The District has zero tolerance for harassment of any kind. Students are expected to treat other students and district employees with courtesy and respect; to avoid any behaviors known to be offensive; and to stop those behaviors when asked or told to stop.

Parents are urged to reinforce with their child(ren) that if he/she is harassed or sees harassment happening to someone else that he/she should report the behavior to a teacher or the principal. To maintain a productive and positive learning environment, the Board of Education will make every attempt to halt any harassment of which they become aware by calling attention to this policy or by direct disciplinary action, if necessary.

A student who believes he/she has been harassed is encouraged to report the incident to the high school administration. The allegations will be investigated and addressed and appropriate disciplinary action taken when necessary.

Dangerous Weapons and Instruments- [Refer to BOE Policy 5114](#)

No guns, knives or any other objects, including martial arts weapons and facsimiles of weapons, capable of threatening or causing injury or death may be brought onto school grounds. Any object used to cause injury will be considered a weapon. Violators will be subject to arrest and prosecution, as well as, appropriate disciplinary action. Any student found to possess a weapon on school grounds or during a school-activity will be expelled from school.

An expelled student may apply for early readmission to school. Such readmission is at the discretion of the Board of Education (unless the Board has delegated authority for readmission decisions to the Superintendent). The Board or Superintendent, as appropriate, may condition such readmission on specified criteria.

Bullying, Hazing, and/or Harassment Definition- [Refer to BOE policy 5131.911](#)

District pupil services personnel and administrators are responsible for taking a bullying report and investigating the complaint. Parents of students involved in a verified act of bullying will be invited to attend at least one meeting at school.

Bullying behavior by any student in the Ellington Public Schools is strictly prohibited, and such conduct may result in disciplinary action, including suspension and/or expulsion from school. Bullying outside of the school setting may also be addressed if it has a direct and negative impact on a student's academic performance or safety in school. Students and/or parents may file verbal or written complaints concerning suspected bullying behavior, and students shall be permitted to anonymously report acts of bullying to teachers and school administrators. Any report of suspected bullying behavior will be promptly reviewed. If acts of bullying are verified, prompt disciplinary action may be taken against the perpetrator, consistent with his/her rights of due process. Board policy and regulation set forth this prohibition and the related procedures in detail, and are available to students and their parents/guardians upon request.

Public Act No. 11-232 defines bullying as: (A) the **repeated** use by one or more students of a written, oral, or electronic communication, such as cyber bullying, directed at or referring to another student attending school in the same school district, or (B) a **physical act or gesture** by one or more students repeatedly directed at another student attending school in the same school district, that: (i) Causes **physical or emotional harm** to such student or damage to such student's property, (ii) places such student in **reasonable fear of harm** to himself or herself, or of damage to his or her property, (iii) creates a **hostile environment** at school for such student, (iv) **infringes on the rights** of such student at school, or (v) **substantially disrupts the education process** or the orderly operation of a school.

Physical acts or gestures, based on any actual or perceived differentiating characteristics, such as: race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, socioeconomic status, academic status, gender identity, physical appearance, or mental, physical, developmental or sensory disability, or by association with an individual or group who has or is perceived to have one or more of such characteristics are to be considered under the classification of bullying.

Cyberbullying means any act of bullying through the use of the Internet, interactive and digital technologies, cellular mobile telephone or other mobile electronic devices or any electronic communications.

Hazing is any activity that recklessly or intentionally endangers the mental or physical health or safety of a student for the purposes of initiation or admission into or affiliation with any student organization.

Harassment is based on race, color, national origin, sex or disability. It is based on a protected category defined in the law under Title VI of the Civil Rights Act of 1965 which prohibits discrimination on the basis of race, color or national origin, under Title IX of the Education Amendment of 1972 which prohibits discrimination on the basis of sex, and under Section 504 of the Rehabilitation Act of 1973 which prohibits discrimination on the basis of disability. When an incident occurs related to the above and is sufficiently serious to create a hostile environment, it is considered harassment. Harassment can include verbal acts, name calling, graphic and written statements (including cyber means) or other conduct that may be threatening, harmful or humiliating. It does not have to include intent to harm, be directed to a specific target or involve repeated incidents. If it is sufficiently severe or pervasive to create a hostile environment, a student may be afraid to come to school or feel very uncomfortable in school.

Students and community members who believe they have been the victims of bullying or harassment should not erase any offending material. A copy of any material should be printed and brought to the attention of the Principal, Assistant Principal, or the Lead Teacher. All reports of bullying and harassment will be investigated by the administration.

Sexual Harassment is unwelcome sexual attention, whether verbal or physical, from peers, teachers, staff or anyone with whom the victim may interact. Any student who believes that he or she has been subjected to sexual harassment should report the alleged misconduct immediately to his/her teacher,

social worker, guidance counselor, administrator, school nurse or any responsible individual with whom the student feels comfortable, either informally or through the filing of a formal complaint.

The district will notify the parents of all students involved in sexual harassment by student(s) when the allegations are not minor and will notify parents of any incident of sexual harassment or sexual abuse by an employee. A complaint alleging sexual harassment by a student or staff member may be presented by a student and/or parent in a conference with the principal or designee or with the Title IX Coordinator, Dr. Kristy LaPorte.

Informal/Verbal Complaints of Bullying by Students

Students may make complaints of conduct that they consider to be bullying by verbally reporting to a teacher, administrator, or other professional employee such as a guidance counselor, school psychologist, nurse, social worker or school therapist. Student complaints of bullying should specify the actions giving rise to the suspicion of bullying, including the time and place of the conduct alleged, the number of such incidents, the target of such suspected bullying, and the names of any potential student or staff witnesses. A teacher, other professional employee, or administrator who receives a student complaint shall promptly reduce the complaint to writing, including the information provided by the student. The written report by the teacher, other professional employee and/or administrator shall be promptly forwarded to the building principal (or other responsible program administrator) for review and action.

Formal/Written Complaints of Bullying

Students and/or their parents or guardians may also file formal written complaints of conduct that they consider to be bullying. Such written reports should specify the actions giving rise to the suspicion of, including time and place of the conduct alleged, the number of such incidents, the target of such suspected bullying, and the names of any potential student or staff witnesses. Such reports may be filed with any teacher or administrator, and they shall be promptly forwarded to the building principal for review and action.

Complaints of Bullying

Students who make complaints of bullying to a teacher and/or administrator may request that their name be maintained in confidence by the teacher(s) or administrator(s) who receives the complaint. Should anonymity be requested, the principal or his/her designee shall meet with the student to review the request for anonymity and the impact that maintaining anonymity of the complaint may have on the investigation of the complaint and/or possible remedial action. At such meeting, the student shall be given the choice as to whether to maintain the anonymity of the complaint. Anonymous complaints shall be reviewed and reasonable action will be taken to address the situation, to the extent such action may be taken that (1) does not disclose the source of the complaint, and (2) is consistent with the due process rights of the student(s) alleged to have committed acts of bullying.

Student athletes who violate this policy, participating in CIAC-controlled activities shall also be declared ineligible for such activities in accordance with CIAC policy and regulation. The District will not refuse to enroll a student or otherwise penalize a student for being a medical marijuana certificate holder unless failure to do so would cause the school to lose a monetary or licensing benefit under federal law or regulations.

A student medical marijuana certificate holder is subject to, without bias, the same code of conduct and disciplinary standards applicable to all students attending District schools.

A student medical marijuana certificate holder shall not:

- Undertake any task under the influence of marijuana that would constitute negligence;

- On a school bus;
- On the grounds of any preschool, elementary or secondary school;
- Utilize marijuana on any form of public transportation or in any public place;

- Use marijuana in any manner not authorized by P.A. 12-55, as amended by P.A. 16-23.
- Offer to give, sell, or dispense medical marijuana to another student or other individual on school property, in school-provided vehicles, at school events, or when functioning as a representative of the school.

1. Students will be notified prior to any extracurricular or school-sponsored event where an alcohol-detecting device may be used. Prior notification may include, but is not limited to, student/parent handbook, student assembly, morning announcements, advertisements on tickets, and written notification distributed to students.
2. Every student will be required to state his/her name and repeat a phrase while the passive alcohol-detecting device is in use by an administrator or an administrative designee.
3. If a student refuses to be tested with the passive alcohol-detecting device, the student will be denied access to the event and parents will be immediately contacted.

5. See Drug and Alcohol Regulations for additional information.

Use of Passive Alcohol-Detecting Device Without Prior Notification Including During the School Day

If there is reasonable suspicion (indications of reasonable suspicion may include, but are not limited to, such characteristics as alcohol odor, slurred speech, unsteady gait, lack of coordination, presence of an alcohol container, bloodshot or glazed eyes) that a student consumed or was under the influence of alcohol, then:

1. An administrator and/or administrator designee will take the student to a private area and will question and observe the student.
2. If the administrator or an administrator designee thinks the student is under the influence of alcohol, then the student will be asked to state his/her name and repeat a phrase while passive alcohol-detecting device is in use.
3. If the student refuses the request, the judgment of the administrator will stand, and appropriate disciplinary consequences will follow, including up to a ten (10) day suspension and possible recommendation to the Board of Education for expulsion, and parents will be contacted.
4. If the passive alcohol-detecting device is used and no alcohol is detected, then another test will be performed. If the test is negative for the second time, parents/guardians will be notified and the student will be allowed to return to the school-sponsored event and/or resume the regular school day program.
5. If the passive alcohol-detecting device is used and the student is tested positive, then another test will be administered. If the second test is negative, parents/guardians will be notified and the student will be allowed to return to the school-sponsored event and/or resume the regular school day program.
6. If the student tests positive for a second time, his/her parents/guardians will be contacted, the student will be removed from the event and/or the regular school day program and appropriate disciplinary consequences will follow, including up to a ten (10) day suspension and possible recommendation to the Board of Education for expulsion. See Drug and Alcohol Regulations for additional information.

Calibration

The passive alcohol-detecting device will be calibrated as often as suggested by the manufacturer.

Records

Results of the passive alcohol-detecting device will be maintained in confidential, administrative disciplinary records.

Students should request an application for a parking pass from the main office prior to the start of school. Students who obtain a driver's license during the school year may request a parking permit from the main office at any time. Cost of the pass is \$5. Student parking is only in the back parking lot. Students are not to park in spaces designated for staff. Students are subject to the rules, regulations and administrative guidelines in the parking regulations and must comply with all state laws and licensure requirements.

Any violation of proper automobile use may result in the suspension of parking privilege or any such discipline which is appropriate for the circumstances.

The principal and parents shall be notified of the situation as soon as possible. The student shall not be provided bus service again until a conference involving all persons listed above has been held.

Students violating bus conduct rules will be notified and disciplinary action will be taken. Videotapes shall be treated as protected student records under the Family Educational Rights and Privacy Act (FERPA).

Video/audio equipment will be used to monitor student behavior in common areas on campus. The principal or his designee will review the tapes when warranted and document student misconduct. Discipline will be in accordance with the District's discipline policy.

TECHNOLOGY USE

CYBER BULLYING- [Refer to BOE Policy 5131.911](#)

The District's computer network and the Internet, whether accessed on campus or off campus, during or after school hours, may not be used for the purpose of harassment. All forms of harassment over the Internet, commonly known as cyber bullying, are unacceptable, a violation of District policy and of the District's acceptable computer use policy and procedures. Cyberbullying means any act of bullying through the use of the Internet, interactive and digital technologies, cellular mobile telephone or other mobile electronic devices or any electronic communications.

Cyber bullying includes, but is not limited to, such misuses of technology as harassing, teasing, intimidating, threatening, or terrorizing another person by sending or posting inappropriate and hurtful e-mail messages, instant messages, text message, digital pictures or images, or website postings, including blogs. It is also recognized that the author (poster or sender) of the inappropriate material may be disguised or logged on as someone else.

Students and community members who believe they have been the victims of such misuses of technology as described, should not erase the offending material from the system. A copy of the material should be printed and brought to the attention of the Safe School Climate Specialist, the Principal or Director of Technology. All reports of cyberbullying will be investigated by the Safe School Climate Specialist.

In situations in which the cyberbullying originated from a non-school computer, but brought to the attention of school officials, any disciplinary action shall be based upon whether the conduct is determined to be severely disruptive of the educational process so that it markedly interrupts or severely impedes the day-to-day operation of school. Also, such conduct must be violative of a publicized school policy. Such conduct includes, but is not limited to, threats, or making a threat off school grounds, to kill or hurt a teacher or student.

Disciplinary action may include loss of computer privileges, detention, suspension or expulsion. A communicated threat or a hate crime will be reported to the police.

Students will be provided instruction about appropriate online behavior.

STUDENT ACCEPTABLE USE OF TECHNOLOGY

The mission of the Ellington Public Schools' technology initiative is to improve learning and teaching through access to information, research, teacher training, collaboration and dissemination of successful educational practices, methods, and materials. The Ellington Public Schools support access by students to rich information resources along with the development by staff of appropriate skills to analyze and evaluate such resources.

The use of computers and related technology supports the curriculum and enhances communication. Users, students and staff will access a vast scope of information available in the school system, as well as connections to global resources via the Internet. Since neither the Ellington Public Schools nor any of its staff controls the content of the information available on the Internet, users must be aware that some of the information may be controversial or offensive. Users encountering such controversial or offensive information should exit the site and contact their teacher or school administration.

Students are responsible for good behavior on school computer networks just as they are in a classroom, and general school rules for behavior apply. Thus, all users are expected to act in a responsible, ethical and legal manner, in accordance with Board of Education policy. Students shall not use electronic devices in a manner that poses a threat to academic integrity, disrupts the learning environment, or violates the privacy rights of others, including but not limited to unauthorized photos or recordings. Students shall not record audio or video without the explicit permission of authorized staff. Students shall not send, share, view, or possess pictures, text messages, e-mails or other digital material depicting sexually explicit or offensive content on a cell phone or other electronic device while the student is on school grounds, at school-sponsored events or on school buses or vehicles provided by the district. The definition and determination of offensive content is at the sole discretion of the administration. Failure to adhere to these guidelines will result in disciplinary action that may include loss of computer access, referral to legal authorities or other administrative action.

Ellington Public Schools (EPS) Accounts

- EPS provides various student accounts to facilitate the use of technology in the classroom. These accounts include an EPS login to computers, Internet and the school portal. In addition, students grades 3-12 will have an EPS Google Account that provides access to the Google Apps for Education tools, such as Google docs, Gmail and other features. In addition, students in gr. 1-2 will have an EPS Google Account (without email access). Beginning in grade 6, students will have a Naviance account for college and career planning and to assist with the management of student success plans.
- Individual teachers may also use applications that require the creation of additional student accounts to support student learning and facilitate communication with students and parents. The specific applications used will be posted on the district website as Ellington Public Schools Approved Apps/Accounts and may be accessed through this link: <https://goo.gl/Vmvfrz>
- School accounts and associated files are not private and may be inspected at any time without prior notice by any administrator, teacher, or network administrator.
- No person may use another individual's account with or without his or her permission.

EPS Technology

Vandalism to any EPS technology, including uploading viruses, is prohibited. Failure to comply with any part of this policy may result in disciplinary action as deemed appropriate by the district's administration including, but not limited to, financial compensation for damages caused by the student.

Network Access

Ellington Public Schools provides content filtered Internet access for student use. Circumventing the content filter to access blocked websites is not permitted.

Ethical Use of Information

Students shall comply with Ellington BOE Policy #5131.81 (Use of Electronic Devices) and shall not use electronic devices in a manner that poses a threat to academic integrity, disrupts the learning environment, or violates the privacy rights of others, including but not limited to unauthorized photos or recordings.

Bring Your Own Device (BYOD)

- EPS allows students to bring their own technology into the classroom as a tool for learning for grades 5-12. Use of student owned devices is permissible only when deemed appropriate by teachers or school administration.
- Each student is responsible for the proper care of his or her personal device and its security. EPS is not liable for theft or damage to personal devices.
- EPS reserves the right to inspect a student's personal device if there is a reason to believe that the student has violated Board policies, school rules, or has engaged in other misconduct while using a personal device at school.
- Personal devices may not be plugged into the wired network (EPS LAN). Access to the wireless network is allowed using a student's district computer account.
- At EMS, Windermere Intermediate and the elementary schools, cellular phones should be turned off and left in lockers or backpacks during the school day to ensure a quiet, attentive learning environment that is free of disruptions.

1:1 DEVICES AND INSURANCE OPTIONS

Ellington Public Schools will continue our one-to-one chromebook initiative for all students in grades 1-12. All students in grades 1-12 will be assigned a school issued Chromebook. Students in grades 1-8 will leave this device at school. Students in grades 9-12 will take this device home at the end of each school day and are responsible for bringing it back to school fully charged on a daily basis.

As with any school owned property (textbooks, instruments, etc), families are responsible for any damage that requires a repair or replacement of the device. Families are never responsible for replacement costs that are attributed to age and normal wear and tear on the device. For grades 1-4, a chromebook is assigned to each student and remains in the students classroom at all times. For grades 5-12, Ellington Public Schools has three options for parents to ensure the student has a device that is in optimal condition for learning.

- **Option 1:** Student will receive a school issued chromebook and insurance will be purchased that will cover accidental damage (payment of \$25 cash or check made out to *the school Activity Fund*). Fee will be waived if student is eligible for Free/Reduced lunch.
- **Option 2:** Student will receive issued chromebook without insurance, and agree to pay for any possible repairs.
- **Option 3:** Student will bring his/her own device (Chromebook/laptop) to school.

An information form was sent to each family before the start of the school year and is available on the Ellington Public School website at <https://www.ellingtonpublicschools.org/technology>. Parents should return the form before the start of the school year.

STUDENT PRIVACY, SHARING AND PUBLISHING OF STUDENT WORK

Ellington Public Schools is committed to providing a safe and secure learning environment for students, in both physical and virtual settings. The use of digital platforms, including online services or mobile applications for general district operations and curricular has and will continue to grow in a 21st century district. With student information used in many of these platforms, the risk that this information could

be distributed, lawfully or otherwise, also grows. The Board has implemented this policy to protect student interests while promoting the innovative use of such platforms to provide students with a 21st century education. Student data privacy information is available on the Ellington Public School website at <https://www.ellingtonpublicschools.org/technology>

In Ellington, we believe publishing and sharing student work online makes learning authentic and relevant to students. Sharing examples of students engaged in high-quality learning experiences extends learning beyond the classroom walls, helps students create a positive digital footprint, and prepare students with 21st century skills. Also, the sharing of student work and accomplishments connects families, community members and other stakeholders to the learning process. We believe this is possible while respecting the safety and privacy of all students by adhering to the following guidelines.

Posting photos of students online (class website, social media, etc) Posting pictures of students doing great work is encouraged. Teachers are asked to make sure no identifiable student information is included with the picture (last name, e-mail, address, phone number, any account username) and that the student's parents haven't opted out of allowing student pictures to be posted.

Posting student work (writing, projects, videos) online Posting quality student work online is encouraged and can help paint a positive picture of daily teaching and learning in the Ellington Public Schools. Teachers are asked to refrain from posting students' full names and to check that the student's parents haven't opted out of allowing student work to be posted.

If you do not want your child's picture or work published, [please complete the form on our district website under Departments, Information Technology](#). You may indicate if you would prefer not to have your child's picture or student work published, or if you would prefer that neither are published. A new form must be submitted each year.

EXTRACURRICULAR ACTIVITIES

Extracurricular activities are school-sponsored activities that are not part of the established requirements for a particular course. The academic eligibility policy will also apply to field trips that occur during the school day unless the trip is an integral part of a specific course. Events, such as attending dances or athletic events as spectators, are not included under this policy.

ACADEMIC ELIGIBILITY STANDARDS

All ninth grade students are eligible for fall extracurricular activities. Beyond that transition phase for freshman, all students who wish to participate in extracurricular activities must meet each of the following academic requirements:

1. Be enrolled in at least six (6) courses (units of work) during each marking period unless enrolled in an AP lab course then five (5) units of work each marking period.
2. Have no more than one (1) F, regardless of the number of courses taken. Students who receive a single grade of F will be placed on academic probation.
3. Students with more than one (1) F will be academically ineligible. The period of ineligibility will begin on the date report cards are issued and extend until the issuance of the following quarter's report cards.

Definitions:

Extracurricular activities are school-sponsored activities that are not part of the established requirements for a particular course. The academic eligibility policy will not apply to course specific field trips that occur during the school day. School events, such as attending dances or athletic events as spectators, are not included in this policy.

A *unit of work* means a class taken for credit during that quarter.

Academic probation: Any student who does not meet the standards for eligibility will be placed on academic probation. In order to participate in extracurricular activities, such as a club or sport, the student will be required to develop a plan to improve his or her academic performance. A template for action plans will be developed and shared with students. The plan will be reviewed and approved by (or modified with input from) the student's school counselor.

While on academic probation, a student will be allowed to participate in practices, rehearsals, performances, and games. Action plans for student will be monitored by the club advisor or by the coach and Athletic Director.

Students may exit academic probation by attaining quarterly grades in which they are passing all classes.

During the first three marking periods, grades of incomplete must be made up within ten (10) school days from the date report cards are issued. Students with incomplete grades due to extended illness will remain eligible during the ten-day period. Grades not completed within the ten days are then considered failing grades under the academic eligibility policy. Fourth quarter incomplete grades must be made up within ten (10) working days following the closing of school in June of that year.

Athletes must also comply with Connecticut Interscholastic Athletic Conference regulations.

Policy revised: April 24, 2018

ELLINGTON PUBLIC SCHOOLS

ATHLETICS, CLUBS and PERFORMING GROUPS

Athletics are considered an integral part of the school's educational program. Whether participation is on the intramural, interscholastic, or class level, students have an opportunity to acquire qualities of fitness, self-discipline, and cooperation.

Student interscholastic activities shall be governed by the Connecticut Interscholastic Athletic Conference (CIAC) regulations. Eligibility for participation is governed by state law as well as the regulation of the CIAC.

Any student who has not reported to school for a half of an instructional day will not be permitted to practice or participate that afternoon or evening. That being said, athletes must attend all daily scheduled classes to participate in an activity, game, or event. Other exceptions to this rule will be considered on a case by case basis by the principal or designee.

Student clubs, performing groups, athletic teams and other extracurricular activities may establish rules of conduct for their participants. Consequences set forth by club advisors and coaches can and may be "in addition to" administrative consequences.

STUDENT PUBLICATIONS/MEDIA BROADCASTS

Student publications are governed by the same expectations for appropriate content that apply to student speech throughout the school. While Ellington High School respects the right of students to enjoy freedom of creative expression, it also reserves the right to redact any content that contains inappropriate or offensive language, or text could be construed as discriminatory or offensive. Examples include, but are not limited to text that is sexually explicit, sexual innuendo, profanity, or makes use of racial slurs. The school principal or his/her designated representative other than the advisor may also review copy prior to its publication/broadcast.

POSTERS

Signs and posters that students wish to display must be approved by the administration prior to posting. Posters displayed without authorization will be removed. Any student who posts such material without authorization shall be subject to disciplinary action.

STUDENT PUBLICATIONS

Students have the right to express their views in speech, writing, or through any other medium or form, limited solely by those restrictions imposed on all citizens generally and those specifically applicable to children and youths in a school setting.

The school encourages student publications not only because they offer an educational activity through which students gain experience in reporting, writing, editing, and understanding responsible journalism, but also because they provide an opportunity for students to express their views and a means of communicating both within and beyond the school community.

All student publications must comply with the rules for responsible journalism. Libelous statements, unfounded charges and accusations, obscenity, also statements, materials advocating racial or religious prejudice, hatred, violence, the breaking of laws and school policies and/or regulations, or materials designed to disrupt the educational process will not be permitted.

Expressions of personal opinion must be clearly identified as such and must bear the name of the author. Opportunity for the expression of opinions differing from those of the student publishers must be provided.

In addition, student newspapers and/or publications which are paid for by the school district and/or produced under the direction of a teacher as part of the school curriculum are not considered a public

forum. In such cases, the Board of Education reserves the right to edit or delete such student speech which is feeling is inconsistent with the district's basic educational mission.

FUND-RAISING- [Refer to BOE policy 1324](#)

Student clubs or classes, outside organizations, and/or parent groups occasionally may be permitted to conduct fund-raising drives for approved school purposes. Student fundraising events shall be kept to a minimum. An application for permission must be made to the principal at least 30 days prior to the event. Fundraising projects shall be limited to items and activities not generally funded through the school district budget. Fundraising activities should not interfere with the regular operation of the school. Approval by the Principal is required for house to house solicitation for any fundraising activity.

Beverage or foods not allowed for sale during regular school hours may be sold provided (1) the sale is in connection with an event occurring after the end of the regular school day or on the weekend, (2) the sale is at the location of such event, and (3) the food or beverage is not sold from a vending machine or school store.

FINANCIAL ASSISTANCE

All students are encouraged to participate in school sponsored activities. Any student who would like to request confidential financial help to participate in a school sponsored activity should contact a guidance counselor, activity advisor or administrator.

FEES

Materials that are part of the basic educational program are provided without charge to students. A student is expected, however, to provide his or her own supplies such as, but not limited to, pencils, pens, erasers, and notebooks. 10. Membership dues in voluntary clubs or student organizations and admission fees to extra-curricular activities
11. Fees for driver education courses
12. Pay-for-Play fees
13. Chromebook insurance

FIELD TRIPS

Field trips may be scheduled for educational, cultural, or extracurricular purposes. Field trips are valuable educational activities which enhance classroom learning. Any student whose behavior is considered detrimental to the well-being of other students may be barred from participation by the high school administration.

Due to the many opportunities for field trips, it is necessary for students to regulate their participation in order to avoid excessive absence and negative grade impact.

The Ellington Board of Education strongly encourages all transportation of students to be on buses or other transportation vehicles which conform to the requirements of law and regulations of the State

Department of Education. The Board emphasizes the practice of school employees using their private automobiles to transport students should be the exception, not the norm, and occur on a limited basis.

Student Behavior

All school policies are in effect through the duration of the trip as if students were attending school. Violation of any school policies will subject the student(s) to not only the disciplinary sanctions of such policy but may result in forfeiture to participate in future trips.

Parent Notifications

Field trip itineraries will be provided to parents in a timely manner. Before a student is allowed to participate, signed permission slips shall be obtained from the parent/guardian of each student participant. Permission slips shall be taken on the trip and retained for at least six months after completion of the trip. Information provided on the permission slip shall include, but not be limited to: a) purpose; b) location; c) date(s) and approximate time(s) of departure and arrival; d) type of transportation; e) total costs; f) release to seek emergency attention if needed; g) required apparel or equipment as needed; and h) information regarding special medical issues of which a chaperone should need to be aware. Modifications may be made to the standard permission slip to accommodate special circumstances.

1. The EHS School Dance Policy Form must be signed before purchasing a dance ticket.
2. All students and *guests are required to use the passive alcohol screening device as a condition for participation (mandatory for certain events, such as all dances, Mr. EHS, etc.). For any student found under the influence and/or in possession of drugs and/or alcohol, that student will not be allowed to attend any of the remaining dances during that school year. Parents will be called and asked to bring their son/daughter home immediately. Consequences listed within this handbook will also be imposed.

9. For dances, students must present their tickets at the door. No tickets will be sold at the door.
10. Prom Advisory: For the prom, guest passes may be obtained and must be approved during the two weeks prior to the sale of prom tickets. Prior to approval of guests, students are advised to refrain from monetary commitments related to the prom. Any student who has three or more out-of-school suspensions cannot attend the prom. If the prom occurs on a school day, all students wishing to leave early to prepare for the prom must submit a parental permission note to the office. Students with a parental permission note will be allowed to leave at a time to be designated annually approximately 60 days prior to the prom date.

NATIONAL HONOR SOCIETY

The Robert W. Murphy Chapter of the National Honor Society at Ellington High School selects for membership those juniors and seniors who demonstrate scholarship, leadership, service and character. The following descriptions of leadership, service and character are based on those found in the National Honor Society Handbook, a publication of the national organization, which exists under the auspices of the National Association of Secondary School Principals.

Scholarship and Eligibility

The scholarship requirement is set by the National Council and is based on a student's cumulative GPA. Juniors and seniors, who at the end of the first quarter, have a weighted GPA of at least 87.5 will be considered academically eligible. They will be invited to attend a meeting at which the National Honor Society Advisor will explain the selection process and establish a timeline for providing information to be used by the selection committee to support their candidacy. All necessary forms are distributed, and deadlines given, at that meeting.

Leadership

Leadership is based not only on holding of offices, but also on effective functioning in those offices. Leadership also exists outside elected positions, including effective participation in positions of responsibility. It may also be demonstrated by a student who takes a constructive lead in classroom, extracurricular or community activities. Leaders promote appropriate school activities and contribute constructive ideas that improve the school, influence others positively, and show initiative in scholastic endeavors.

Service

A student who puts service to others above self-interest and who gives time, talent and effort not for personal gain but for the class, the school or the community demonstrates service. One who dependably and consistently performs committee work or who represents the school in various types of competition and who renders service to the community through the school demonstrates service. Service is never based upon activities for which a student receives grades or pay.

Character

A student of character maintains the highest standards of honesty and reliability. A person of character demonstrates trustworthiness, respect, responsibility, fairness, caring and citizenship; and is one who cooperates willingly with school and community rules and guidelines concerning areas such as school activities, attendance, and property. Neither personality alone nor minor incidents, unless they are repeated so as to indicate a pattern of behavior, determine character.

Materials to Support Candidacy

Teacher Recommendations:

The process includes six teacher recommendation forms that may be distributed to the teachers who the students think will be most aware of their potential.

- **four** of teacher recommendations must come **from Ellington High School**
- **two** teacher recommendations **may be from outside the high school** but must be courses for which the student is receiving high school credit

Non-Credit Activities:

Students will additionally submit three activity forms. The students will be responsible for completing the first part of each form. They will submit the forms to the group advisor who will evaluate the student and return the forms to the NHS advisor.

- **only one** of the activity forms may be **from outside of school**

- **only one** may be **from the same area**
- **all three** must be from **on-going activities; two must be EHS-related activities*****

***Please note that beginning with members of the EHS Class of 2022, the following are **NO LONGER considered EHS-related activities**; rather, they are classified as Town of Ellington activities (outside of school): **Rise Above, Ellington Rescue Post 512, and the Police and Fire Explorers.**

Selection

A committee, composed of the chapter advisor and five faculty members appointed by the principal, using the information gathered and the national guidelines, selects students to the chapter. Membership will be granted only to those students selected by the Faculty Council on the condition of their having met the standards for selection.

Introduction

All student-athletes are governed by regulations formulated by the Connecticut Interscholastic Athletic Conference (CIAC) in which Ellington High School holds membership. The CIAC organization ensures standardized and fair regulations which all member schools must follow. Athletic activities are further governed by the district's membership in the North Central Connecticut Conference (NCCC).

Athletic Participation

The Board of Education believes that involvement in extracurricular activities, including interscholastic athletics, is essential to the development of a well-rounded individual and student, and should be encouraged. However, participation in extracurricular activities, such as interscholastic athletics, is a privilege, not a right. The purpose of this policy is to ensure that any student who represents the District in interscholastic competition demonstrates at all times the characteristics of a good citizen of both the school and community.

Participation in interscholastic athletics as an extracurricular activity provides students with important skills and habits that can assist in character development and academic proficiency. Students learn such important skill and habits as team building, leadership, self-discipline, healthy competition, integrity and physical fitness. School athletic programs must place the highest priority on academic achievement and character development.

Students participating in interscholastic athletics are expected to demonstrate responsible behavior and high ethical standards at all times. Negative or inappropriate behavior by athletes during the school year, during out-of-school periods and during non-school hours can affect other students' perception of the integrity of an athletic program as well as the public's perception of the ethical standards established by the District for all students. Consequently, student athletes shall be subject to athletic sanctions, up to and including dismissal from participation in interscholastic athletics for negative or inappropriate behavior, at any time during a calendar year.

Definitions

Athletic Suspension means removal from further participation in a particular athletic program for a specified length of time.

Emergency means a situation under which the continued presence of the student in the playing arena or school imposes such a danger to persons or property or such a disruption to the activity involved that a hearing may be delayed until a time as soon after the exclusion of such student as possible.

Team Selection and Game Playing Time

The Ellington High School athletic program is established to offer opportunities to student-athletes to compete on organized teams or as individuals against student-athletes from other high schools.

The structure of athletic teams at times requires coaches to limit the number of student-athletes representing the school in seasonal competition. Depending on the number of athletes interested in joining a team, it may be necessary to make cuts to reduce a squad to a workable size in certain sports.

I. CONCERN RESOLUTION

In the event that a student-athlete or parent/guardian has a concern about policies or procedures outlined in this handbook, the concern should be brought to the attention of the following staff members in the order in which they are listed:

1. Head Coach
2. Athletic Director
3. Assistant Principal
4. Principal

II. SUBSTANCE USE, POSSESSION, OR DISTRIBUTION

The possession, consumption, distribution, or use of alcoholic beverages, illegal drugs, controlled substances, substances represented to be a controlled substance, or drug paraphernalia and inappropriate use of non-prescription medicines by student-athletes participating in District interscholastic athletics, whether on or off school grounds will not be tolerated.

Students attending or remaining at any gathering or remaining in a vehicle with those who are in possession of, using, or transmitting any unconcealed narcotic, hallucinogenic drug, amphetamine, barbiturate, marijuana, alcoholic beverage, or intoxicant of any kind shall be subject to disciplinary action.

Students knowingly hosting at their homes those who are in possession of, using, or transmitting any unconcealed narcotic, hallucinogenic drug, amphetamine, barbiturate, marijuana, alcoholic beverage, or intoxicant of any kind shall be subject to disciplinary action.

Students possessing, purchasing, distributing, using and/or under the influence of alcohol, tobacco, vapor products, and/or other drugs, in any amount, shall be subject to the following actions, in addition to those which are in accordance with District policy, as applicable.

- A. **Drug Use, Possession, or Distribution on School Grounds** (Please make note that any school-sponsored activity, on or off grounds, is considered “on school grounds”).
1. Students found in possession of/or under the influence of drugs or narcotics on school grounds will be subject to the disciplinary sanctions as outlined in the district’s Drug and Alcohol Policy.
 2. If a student in violation of this rule is unable to participate in interscholastic sports due to injury or academics, the penalty will not take effect until the student is eligible (albeit academically or medically) to participate again. The suspension of such competitions will begin immediately and carry over to the students’ next season of competition within a calendar year. Additionally, whichever season the infraction occurs, the student(s) shall forfeit all team leadership titles and/or team awards for that season.

1st Infraction – The student-athlete shall be suspended for 25 percent of his/her season. The student-athlete is allowed to attend and participate in all scheduled practices during the suspension. He/she shall not be in uniform for competition, but may be present.

2nd Infraction – The student-athlete shall be suspended for 60 percent of his/her season. The student-athlete is allowed to attend and participate in all scheduled practices during the suspension. He/she shall not be in uniform for competition, but may be present.

3rd Infraction – The student-athlete shall be suspended from participation in all interscholastic athletic activities for one (1) calendar year.

Frequently Asked Questions

What happens if 25% or 60% is not a whole number?

All fractional parts of an event will be dropped when calculating part of a season. For example, 25% of 10 games equals 2.5. Therefore, the student would miss two, rather than three competitions.

A student-athlete has a second offense, does the 25% count toward the 60%?

No. Let’s say a season is 20 contests long. The first offense would result in a five contest suspension. The second offense would result in an additional 12 contest suspension.

When a penalty carries over to the next season how is it determined how many games a student-athlete will have to sit out? If a penalty is not completed during a season it will carry over to the next season (within one calendar year) with the remaining percent of the penalty applied to the number of competitions in the new season with a minimum of one contest missed. For example, if a baseball player has an infraction and the number of contests in the season equals 20, then 25% of 20 is 5. Therefore, the athlete should sit out 5 competitions. However, if the season has ended and the student-athlete has only sat out of 2 games (40% of the required 5 games) then he would have to sit out of 60% of the penalty, as it would be applied in the next season of competition. For example, if he played football, which has 10 contests, 25% of 10 games would be 2 games. 60% of 2 games would be one. Therefore, the student would have to miss 1 football game.

Do play-off/tournament contests count?

To calculate the number of events in a season we count those events on the calendar in which competition is guaranteed. However, a suspension will continue through a tournament as long as a team advances.

- F. Student Athletes should understand that their behavior at any athletic event, either on campus or away is subject to the rules of the student and athletic handbooks. Furthermore administrative consequences may result from improper behavior at athletic events.
- G. Athletes are not allowed to wear their uniforms to any school function unless it is directly related to their respective sports.
- H. Any suspension assigned by high school administration will be served on the date and time arranged by the administration. Suspensions and detentions will not be scheduled to accommodate athletic practice or contest schedules. Special rules particular to a specific sport will be distributed and discussed with athletes and parents at the preseason meeting.

Students who are serving a suspension (ISS or OSS) may not participate in or attend any field trips, after school activities, practices or athletic events during the period of suspension (the date that the suspension is served.) For multiple days of suspension that span a weekend or other

non-school days, students cannot participate in extracurricular activities until after the final day of suspension is served.

- I. Situations other than those listed in the athletic handbook will be decided by the administration in consultation with the coach and athletic director.

Procedure for Athletic Suspension

1. The administration shall have the authority to invoke an athletic suspension for a period up to one calendar year for one or more of the reasons stated in policy #5114 or the section on Athletic Suspension, above, in accordance with the procedure outlined in this section. The administration shall have the authority to immediately suspend any student when an emergency exists as that term is defined in Athletic Suspension, above.
2. Except in the case of an emergency, a student shall be given the opportunity to meet with the administration and to deny the stated charges prior to the effectuation of any period of athletic suspension. If, at such a meeting the student denies the stated charges, he/she may at that time present his/her version of the incident(s) upon which the proposed athletic suspension is based. The administration shall then determine whether or not an athletic suspension is warranted. In determining the length of the athletic suspension the administration may receive and consider evidence of past academic or disciplinary problems which have led to removal from a classroom, in-school suspension, athletic suspension or expulsion.
3. In the case of suspension, the administration shall notify the Superintendent of Schools within twenty-four (24) hours of the suspension as to the name of the student who has been suspended and the reason therefore.

IV. LOCKER ROOMS

It is the student-athlete's responsibility to leave all his/her valuables at home and keep his/her locker locked at all times.

Note: The school will not be responsible for personal property.

V. ATTENDANCE

- A. All students and parents must recognize that academics are first and foremost. School attendance is critical and will impact athletic participation. Athletes must attend all daily scheduled classes to participate in an activity, game, or event. Non-compliance with this policy (unexcused absences or unexcused tardiness) or patterns of absenteeism will result in athletic and/or administrative consequences. Said consequences may include, but are not limited to, a reduction in playing time and/or suspension from contests. Please make note of the difference between excused absences, unexcused absences, tardiness and class cutting as they are defined in the student/parent handbook.
- B. Each athlete is expected to attend every practice. In the event an athlete must miss a practice, prior notification to the coach is required.
- C. Any athlete, who feels the necessity to miss a practice to study for a mid-year exam, is expected to personally notify the coach of the anticipated absence. Athletes will not be penalized for excused absences with advance notification.
- D. Athletes will not be excused from school disciplinary sanctions (detention, etc.) to attend either a practice or contest.

VI. LENGTH OF SEASON

Any athlete who is still participating in postseason play (i.e. all-star games, all-state and all-New England, or other competitions) while representing his/her high school or region is still considered "in season".

VII. STUDENT-ATHLETE TEAM CAPTAINS

Selection as a captain of an athletic team is an honor. The captain's responsibilities begin when he/she is selected. Captains are expected to provide leadership and to set a positive example for other athletes

and members of the school community at all times. A team captain may be removed from the position by the coach or athletic director if his/her behavior or deportment is not in keeping with this expectation. A student's school behavior may also prohibit him/her from being selected as a team captain.

VIII. PARTICIPATION

To participate in athletics you must:

- A. Have a physical once a year, preferably during the summer. Physicals must be within thirteen months of the start of the season. Summer physicals will assure everyone that they are eligible for the entire school year. Physicals are offered through the nurse's office prior to the opening of school.

Medical Clearance for Sports Eligibility - Eligibility requirements for participation in interscholastic sports includes medical clearance verifying that a student is in appropriate physical condition to play the sport. The sports physical differs from the routine physical, as the medical provider performs a more extensive assessment of the musculoskeletal system and also evaluates for prior injuries such as concussions, soft tissue injuries and broken bones.

The sports physical can be performed by your primary care provider. The sports physical form must be completed by the parent/guardian, the student athlete and the primary care provider and be submitted to the school nurses BEFORE the student is allowed to practice or play. It is the student's responsibility to maintain a current sports physical on file with the school nurse. A lapse in providing a current physical will result in suspension from participation according to CIAC rules.

- B. Submit the following completed forms:
 - 1. Student-athlete permission form.
 - 2. Emergency information form.
 - 3. Physical evaluation form (obtained from school nurse's office).
 - 4. Pay for Play form with fee (unless a fee waiver has been granted).
- C. Be academically and behaviorally eligible to play.
- D. Parent(s)/guardian(s) and athletes are required to attend the preseason athletics meeting prior to each season.

IX. ELLINGTON HIGH SCHOOL ELIGIBILITY RULES

In order to be eligible for sports, athletes must meet the requirements of the Ellington Board of Education academic eligibility policy as well as the requirements of the Connecticut Interscholastic Athletic Conference (CIAC). **For the fall season these two requirements are different. Ellington policy is based upon quarter grades, while CIAC policy is based on final grades.** See Ellington Board of Education [policy #5139](#). For CIAC eligibility rules, see <http://www.casciac.org/pdfs/eligrules070117.pdf>

or contact the athletic director's office at 860.896.2352 ext. 140.

LEAGUE AFFILIATION

Ellington High School is a member of the North Central Connecticut Conference which consists of the following schools: Bolton, Canton, Classical Magnet, Coventry, East Granby, East Windsor, Ellington, Granby, Hartford Magnet Trinity College Academy, Rockville, Somers, Sports and Medical Sciences Academy, Stafford, Suffield, and Windsor Locks.

X. ATHLETIC EQUIPMENT

- A. Student-athletes will be issued team equipment and uniforms. Each student-athlete is responsible for the equipment and uniform issued to him/her. The student-athlete is required to wear the uniform in accordance with standards set by the coach.
- B. Return of Equipment and Uniform
 - 1. Student-athletes must return all issued equipment and uniforms to the coach at the conclusion of the season.
 - 2. Student-athletes who do not return issued equipment or uniforms or reimburse the athletic department will not be allowed to participate in any other sport. At the conclusion of the school year, student-athletes still owing equipment or uniforms will have varsity letters and team awards withheld until all items are paid for or returned.

XI. AWARDS

At the conclusion of each sports season, student-athletes will be presented appropriate awards at a sports awards night program. Athletic awards, which include letters, pins, and certificates, are given to athletes at the discretion of the coach. Academic awards will also be presented to athletes who meet the criteria set by the athletic conference. All student-athletes and their families are encouraged to attend sports awards night programs.

XII. MEDICAL EMERGENCIES

I understand that such activity involves the potential for injury, which is inherent in all sports. Even with the best coaching, use of the most advanced protective equipment, and strict observance of the rules, injuries are still a possibility.

Careful precautions are taken to prevent accidents during practice and games. When injuries do occur, provisions are made for the administration of appropriate first aid.

If serious illness or injury occurs, the coach will contact the student-athlete's parent/guardian and arrangements will be made to transport the student to an appropriate emergency care facility.

XIII. ATHLETIC INSURANCE COVERAGE

The district provides an insurance program to pay for valid claims on an "excess basis" for injuries received while participating in Ellington High School's athletic program. All claims must first be submitted to the student-athlete's personal insurance carrier. Once the primary carrier has assigned benefits, the school's plan will review the claim. The excess athletic insurance will pay only the usual and customary portion of the balance of the medical expenses not provided or reimbursed under the other coverage.

In the event of an accident or injury, the student-athlete's coach will complete an accident report and submit it to the school health office. The school nurse will send a copy of the report and an insurance claim form to the parent/guardian.

XIV. SPECTATOR CODE OF CONDUCT

Ellington spectators should:

1. Be considerate of opposing players and coaches
2. Become familiar with the spirit and the rules of the game
3. Accept decisions made by officials
4. Be gracious and sportsmanlike in victory and defeat
5. Cheer good play by either team
6. Support cheerleaders in a positive manner
7. Remember all school rules of behavior apply to athletic contests

Ellington spectators should not:

1. Berate officials, coaches, players, cheerleaders or those responsible for the event
2. Use profane language or derogatory gestures
3. Throw objects on the field or playing court

4. Use noisemakers or signs of any kind

Failure to follow rules will result in removal from the event. Additional consequences may be applied by the school administration.

STUDENT INFORMATION, WORK & PRIVACY

DIRECTORY INFORMATION

In accordance with [BOE policy 5125](#), certain information maintained by the district is considered “directory information.” Directory information includes information contained in an education record of a student that would not generally be considered harmful or an invasion of privacy if disclosed. It includes, but is not limited to, the parent’s name, address and e-mail address, the student’s name, address, telephone number, photographic, computer and/or video images, date and place of birth, major field(s) of study, grade level, enrollment status (full-time; part-time), participation in school-sponsored activities or athletics, weight and height (if the student is a member of an athletic team), dates of attendance, degrees, honors and awards received, and the most recent previous school(s) attended. Directory information does not include a student’s social security number, student identification number or other unique personal identifier used by the student for purposes of accessing or communicating in electronic systems unless the identifier cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user’s identity, such as a PIN or password.

STUDENT RECORDS- [Refer to BOE Policy 5125](#)

A student’s school records are confidential and are protected by federal and state law from unauthorized inspection or use. A cumulative record is maintained for each student from the time the student enters the district until the student withdraws or graduates. This record moves with the student from school to school.

By law, both parents, whether married, separated, or divorced, have access to the records of a student who is under 18 or a dependent for tax purposes. A parent whose rights have been legally terminated will be denied access to the records if the school is given a copy of the court order terminating these rights.

The principal is custodian of all records for currently enrolled students at the assigned school. The Superintendent is the custodian of all records for students who have withdrawn or graduated. Records may be reviewed during regular school hours upon completion of the written request form. The record’s custodian or designee will respond to reasonable requests for explanation and interpretation of the records.

Parents of a minor or of a student who is a dependent for tax purposes, the student (if 18 or older), and school officials with legitimate educational interests are the only persons who have general access to a student’s records. “School officials with legitimate educational interests” include any employee, agents, or facilities with which the district contracts for the placement of students with disabilities, as well as their attorneys and consultants, who are:

1. Working with the student;
2. Considering disciplinary or academic actions, the student’s case, an Individual Education Plan (IEP) for a student with disabilities under IDEA or an individually designed program for a student with disabilities under Section 504;
3. Compiling statistical data; or
4. Investigating or evaluating programs.

Certain other officials from various governmental agencies may have limited access to the records. Parental consent is required to release the records to anyone else. When the student reaches 18 years of age, only the student has the right to consent to release of records.

A student over 18 and parents of minor students may inspect the student’s records and request a correction if the records are inaccurate, misleading, or otherwise in violation of the student’s privacy or

other rights. If the district refuses the request to amend the records, the requestor has the right to a hearing. If the records are not amended as a result of the hearing, the requestor has 30 school days to exercise the right to place a statement commenting on the information in the student's record. Although improperly recorded grades may be challenged, parents and the student are not allowed to contest a student's grade in a course through this process. Parents or the student have the right to file a complaint with the U.S. Department of Education if they believe the district is not in compliance with the law regarding student records. The district's policy regarding student records is available from the principal's or superintendent's office.

First copy of student records is free. All other copies of student records are available at a cost of \$0.25 per page, payable in advance. Parents may be denied copies of a student's records (1) after the student reaches age 18 and is no longer a dependent for tax purposes; (2) when the student is attending an institution of post-secondary education; (3) if the parent fails to follow proper procedures and pay the copying charge; or (4) when the district is given a copy of a court order terminating the parental rights. If the student qualifies for free or reduced-price meals and the parents are unable to view the records during regular school hours, upon written request of the parent, one copy of the record will be provided at no charge.

Certain information about district students is considered directory information and will be released to anyone who follows procedures for requesting it, unless the parent objects to the release of any or all directory information about the child. This objection must be made in writing to the principal within ten school days after the first day of school. Directory information includes information contained in an education record of a student that would not generally be considered harmful or an invasion of privacy if disclosed. It includes, but is not limited to, the parent's name, address and e-mail address, the student's name, address, telephone number, photographic, computer and/or video images, date and place of birth, major field(s) of study, grade level, enrollment status (full-time; part-time), participation in school-sponsored activities or athletics, weight and height (if the student is a member of an athletic team), dates of attendance, degrees, honors and awards received, and the most recent previous school(s) attended. Directory information does not include a student's social security number, student identification number or other unique personal identifier used by the student for purposes of accessing or communicating in electronic systems unless the identifier cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user's identity, such as a PIN or password.

Military recruiters or institutions of higher learning shall have access to secondary school students names, addresses and telephone listings, unless a parent/guardian or secondary student aged 18 or over requests in writing that such information not be released.

The District, when a student moves to a new school system or charter school, will send the student's records to the new district or charter school within ten business days of receiving written notice of the move from the new district. Unless the parents/guardians of the student authorize the record transfer in writing, the sending District is required to send a notice when the records are sent to the new district.

Parents and eligible students have the right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the Requirements of FERPA. Complaints may be addressed to: Family Policy Compliance Office, U.S. Department of Education, 5400 Maryland Avenue, S.W., Washington, DC 20202-4605.

The district's HIPPA Privacy Officer is Dr. Kristy LaPorte, Director of Special Services.

SCHOOL DISTRICT RECORDS

Interested persons may inspect “public district records” which are maintained at the office of the Superintendent of Schools, during normal hours of business. Copies of records, permitted by law to be disclosed, may also be attained.

ADMISSION/PLACEMENT/ENROLLMENT

When a student enrolls in Ellington High School from another school district, we will notify the previous district of the enrollment and request the student’s educational and medical records. The previous school district is required by law to transfer the records with or without written parent authorization. Similarly, when the Guidance Department receives notification of a student’s enrollment in another district, we are required to transfer all records. We will notify the parent or guardian of the transfer at the time they are sent to a new school if no written parent authorization is on file.

A student seeking enrollment in Ellington High School for the first time or following attendance in another Connecticut public school district, out-of-state attendance, private school attendance or admission through a bona fide foreign exchange program should contact the principal. A student who is transferring from non-public schools or schools outside the district will be placed at his/her current grade level pending evaluation and observation of the student after such assessment and consultation with the parents, the principal will determine the grade placement of the child. Nonresidents may request permission to attend Ellington High School on a tuition basis provided space is available and permission of the Superintendent is granted. Nonresident students from other school districts within the state, (districts in the Hartford, New Haven, Bridgeport and New London regions) who apply pursuant to Board of Education regulations, may enroll in particular programs or schools within the district on a space available basis, without payment of tuition, as part of the inter-district public school attendance program called Open Choice. The Regional Educational Service Centers will determine which school districts are close enough to make transportation feasible. The Parent or person having control of a child seventeen years of age, may exercise the option to withdraw a student from school by personally appearing at the school district office, to sign a withdrawal form. This form will include an attestation from the school’s guidance counselor or a school administrator that the district has provided the parent or person with information on the educational options available in the school system and in the community. A student who has attained the age of sixteen and who has voluntarily terminated enrollment in the district’s schools and subsequently seeks admission may be denied readmission for up to ninety (90) school days from the date of such termination unless such student seeks readmission to the District not later than ten (10) school days after such termination in which school accommodation will be provided not later than three school days after such student seeks readmission. A student, nineteen years of age or older may be placed in an alternative school program or other suitable educational program if he/she cannot acquire a sufficient number of credits for graduation by age twenty-one. Students who are classified as homeless under federal law and do not have a fixed residence will be admitted pursuant to federal law.

Parents of students attending District schools have the option to enroll their child(ren) in a magnet school with which the District is a nonparticipating district, if the magnet school has unused student capacity. The District will pay any tuition charge.

SURVEYS/STUDENT PRIVACY

Students will not be required to participate without parental consent in any survey, analysis, or evaluation that concerns:

1. political affiliations or beliefs of the student or the student’s parent;
2. mental or psychological problems of the student or the student’s family;
3. sex attitudes or behaviors;
4. illegal, antisocial, self-incriminating and demeaning behavior;
5. critical appraisals of another individual with whom respondents have close family relationships;
6. legally recognized privileged or analogous relationships, such as those of lawyers, physicians and ministers;

7. income; or
8. religious practices, affiliations, or beliefs of the student or the student's parents.

In addition, parents have the right to inspect, upon request, a survey that is to be administered by a school to a student, prior to its use. Parents will be notified at least two weeks in advance of any survey that will be given to their children.

Parents will be notified of any non-emergency, invasive physical examination that is required as a condition of attendance administered by the school and which is not necessary to protect the immediate health and safety of students.

Section 504: Civil and Legal Rights and Responsibilities In compliance with the requirements of Section 504 of the Rehabilitation Act of 1973, and the Americans with Disabilities Act Amendments Act of 2008 (ADA), the District shall ensure that no otherwise qualified individual with disabilities shall, solely by reason of his/her disability, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity including extracurricular athletics or other non-academic activities, conducted by the District or those provided by the District through contractual or other arrangements. Students will be evaluated by a team of individuals knowledgeable about the student, the meaning of the evaluation data and placement options. Accommodations will be provided as required by law.

The Superintendent or his designee will develop administrative regulations as needed for the implementation of this policy and to meet the requirements of state and federal law. Regulations will include provisions to ensure notice of the District's responsibilities are provided as required and that procedures are established for students, parents and staff with complaints concerning District compliance with the provisions of law.

Should you have any questions regarding Section 504, please call either your child's school principal or the Director of Special Services, Dr. Kristy LaPorte for the Ellington School District at 860.896.2300.

Asbestos

The federal Asbestos Hazards Emergency Response Act (AHERA) requires all school buildings to be reevaluated to determine if asbestos is present and if it poses a significant health hazard to the building's occupants. The District has on file plans showing the location of asbestos in each building and measures undertaken to comply with regulations to maintain a safe school environment. Request to review these plans may be made in the school office. Questions about the plan or its contents should be directed to Ms. Rebecca Gonzalez, Director of Facilities, 860.896.2313.

Bullying - Safe School Climate Plan- [Refer to BOE Policy 5131.911](#)

The Ellington Board of Education is committed to creating and maintaining a physically, emotionally, and intellectually safe educational environment free from bullying, harassment and discrimination. In order to foster an atmosphere conducive to learning, the Board has developed the following Safe School Climate Plan, consistent with state law and Board Policy. This Plan represents a comprehensive approach to addressing bullying and cyberbullying and sets forth the Board's expectations for creating a positive school climate and thus preventing, intervening, and responding to incidents of bullying.

Bullying behavior is strictly prohibited, and students who are determined to have engaged in such behavior are subject to disciplinary action, which may include suspension or expulsion from school. The district's commitment to addressing bullying behavior, however, involves a multi-faceted approach, which includes education and the promotion of a positive school climate in which bullying will not be tolerated by students or school staff.

I. Prohibition Against Bullying and Retaliation

- A. The Board expressly prohibits any form of bullying behavior on school grounds; at a school-sponsored or school-related activity, function or program whether on or off school grounds; at a school bus stop; on a school bus or other vehicle owned, leased or used by a local or regional board of education; or through the use of an electronic device or an electronic mobile device owned, leased or used by Board of Education.
- B. The Board also prohibits any form of bullying behavior outside of the school setting if such bullying (i) creates a hostile environment at school for the student against whom such bullying was directed, (ii) infringes on the rights of the student against whom such bullying was directed at school, or (iii) substantially disrupts the education process or the orderly operation of a school;
- C. In addition to prohibiting student acts which constitute bullying, the Board also prohibits discrimination and/or retaliation against an individual who reports or assists in the investigation of an act of bullying.
- D. Students who engage in bullying behavior in violation of Board Policy and the Safe School Climate Plan shall be subject to school discipline, up to and including expulsion, in accordance with the Board's policies on student discipline, suspension and expulsion, and consistent with state and federal law.

"Bullying" means the repeated use by one or more students of a written, oral or electronic communication, such as cyberbullying, directed at or referring to another student attending school in the same school district or a physical act or gesture by one or more students repeatedly directed at another student attending school in the same school district that:

- A. causes physical or emotional harm to such student or damage to such student's property,
- B. places such student in reasonable fear of harm to himself or herself, or of damage to his or her property,
- C. creates a hostile environment at school for such student,
- D. infringes on the rights of such student at school, or
- E. substantially disrupts the education process or the orderly operation of a school.

Bullying shall include, but not be limited to, a written, oral, or electronic communication or physical act or gesture based on any actual or perceived differentiating characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity or expression, socioeconomic status, academic status, physical appearance, or mental, physical, developmental or sensory disability, or by association with an individual or group who has or is perceived to have one or more of such characteristics. *(The student against whom the activity is directed must be attending school in the same district as the students engaged in the activity.)*

The District Safe School Climate Coordinator is Dr. Kristy LaPorte, Director of Special Services, and the Safe School Climate Specialist is Mrs. Rebecca Aldred, Assistant Principal.

Equal Opportunity

Each student is encouraged to develop and achieve individual educational goals. The district will provide every student with equal educational opportunities regardless of race, color, creed, gender, sexual orientation, national origin, religion, age, economic status, marital status, or disability. No student will be excluded on such basis from participating in or having access to any course offerings, student athletics, counseling services, employment assistance, extracurricular activities or other school resources. Programs and activities shall be accessible and usable by individuals with disabilities as prescribed by

law.

Dr. Kristy LaPorte, Director of Special Services, is the designated district compliance officer, who will coordinate compliance with the nondiscrimination requirements of Title IX of the Education Amendments of 1972 and Section 504 of the Rehabilitation Act of 1973.

FERPA - Notification Of Rights Under FERPA For Elementary And Secondary Institutions

The Family Educational Rights and Privacy Act (FERPA), 20 U.S.C. § 1232g, et seq., affords parents and eligible students (i.e., students over 18, emancipated minors, and those attending post-secondary educational institutions) certain rights with respect to the student's education records. They are:

(1) The right to inspect and review the student's education records within forty-five (45) calendar days of the day the District receives a request for access.

Parents or eligible students should submit to the school principal a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parents or eligible student of the time and place where the records may be inspected.

(2) The right to request the amendment of the student's education records that the parents or eligible student believe are inaccurate or misleading, or otherwise violates the student's privacy rights. Parents or eligible students may ask the District to amend a record that they believe is inaccurate, misleading, or otherwise violates the student's privacy rights. Parents or an eligible student should write the school principal, clearly identifying the part of the record the parents or eligible student want changed, and specify why it is inaccurate or misleading, or otherwise violates the student's privacy rights.

If the District decides not to amend the record as requested by the parents or eligible student, the District will notify the parents or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parents or eligible student when notified of the right to a hearing.

(3) The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception that permits disclosure without consent is disclosure to a school official with legitimate interests. A school official is a person employed by the District as an administrator, supervisor, instructor or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the Board of Education; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the District will disclose a student's education record without consent to officials of another school, including other public schools, charter schools, and post-secondary institutions, in which the student seeks or intends to enroll.

(4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, S.W.

Non-Discrimination

Personnel / Students Rights, Responsibilities and Duties

I. Sex Discrimination and Sexual Harassment

Neither sex discrimination nor sexual harassment will be tolerated in the Ellington School District. The Board of Education prohibits any form of sex discrimination or sexual harassment by students, personnel, individuals under contract, or volunteers subject to the control of the Board of Education. Employees who engage in sex discrimination or sexual harassment will be subject to discipline, up to and including termination of employment.

A. Definitions:

Sex Discrimination

Sex discrimination is defined as when an employer refuses to hire, disciplines or discharges any individual, or otherwise discriminates against an individual with respect to his or her compensation, terms, conditions, or privileges of employment on the basis of the individual's sex. Sex discrimination is also defined as when a person, because of his or her sex, is denied participation in, or the benefits of, a program that receives federal financial assistance.

Sexual Harassment

Sexual harassment is a form of sex discrimination and is defined as unwelcome conduct of sexual nature, whether verbal or physical, including but not limited to, advances or requests for sexual favors, insulting or degrading sexual remarks or conduct, threats or suggestions that an employee's submission to or rejection of such conduct is made either explicitly or implicitly a term or condition of an individual's employment, is used as the basis of employment decisions affecting such individual or such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile or offensive work environment. Examples of sexual harassment include, but are not limited to:

1. Pressure for sexual activity;
2. Remarks with sexual or sexually demeaning implications;
3. Unwelcome or inappropriate sexual advances from a co-worker or supervisor, such as unwanted hugs, touches, or kisses;
4. Suggestions or demands for sexual involvement accompanied by implied or explicit threats concerning an individual's employment status, benefits, duties or work assignments;
5. Use of profanity;
6. Dirty jokes, derogatory or pornographic posters, cartoons or drawings.

In the student context, sexual harassment is defined as conduct of sexual nature, whether verbal or physical, including but not limited to, advances or requests for sexual favors, insulting or degrading sexual remarks or conduct, threats or suggestions, where submission to or rejection of such conduct by an individual is used and/or threatened to be used as a basis for making any educational decision affecting a student; or where such conduct is sufficiently severe, persistent, or pervasive to limit a student's ability to participate in or benefit from the education program, or to create a hostile or abusive educational environment.

Although not an exhaustive list, the following are examples of the type of conduct prohibited by the policy against sexual harassment of students:

1. Statements or other conduct indicating that a student's submission to, or rejection of, sexual overtures or advances will affect the student's grades and/or other academic progress.
2. Unwelcome attention and/or advances of a sexual nature, including verbal comments, sexual invitations, leering and physical touching.

3. Display of sexually suggestive objects, or use of sexually suggestive or obscene comments, invitations, letters, notes, slurs, jokes, pictures, cartoons, epithets or gestures.

B. Title IX Coordinator

Questions, complaints, and other matters concerning sex discrimination or sexual harassment will normally be handled by the District's Title IX Coordinator. The Title IX Coordinator will be designated by the Superintendent of Schools and may be reached at the office of the Superintendent. The Title IX Coordinator is responsible for ensuring compliance with federal and state law and Board of Education policy concerning sex discrimination and sexual harassment. In the alternative, such questions, complaints or other matters may be referred directly to the Superintendent or his or her designee. Any person having inquiries concerning the Ellington Public Schools' compliance with Title VII, Title IX and Section 504, should contact Dr. Kristy LaPorte, Director of Special Services at the Ellington Public Schools, P. O. Box 179, 47 Main Street, Ellington, CT 06029 or 860. 896.2300.

C. Complaint Procedure

Employees, students, parents, volunteers, or other individuals who believe they have been victims of sex discrimination or sexual harassment within the Ellington Public Schools are encouraged to promptly report such claims. Complaints will be investigated and corrective action will be taken as appropriate. Confidentiality will be maintained by all persons involved in the investigation to the extent possible and reprisals or retaliation that occur as a result of the good faith reporting of charges of sex discrimination or sexual harassment will result in disciplinary action against the retaliator.

Anyone who believes that he/she has been subjected to behavior that could constitute sexual harassment should immediately inform the alleged harasser that his/her behavior is unwelcome and unacceptable, and that such behavior must stop immediately.

Complaints shall be filed with the Title IX Coordinator on the form provided for this purpose. discrimination or sexual harassment has occurred, the Superintendent of Schools or his/her designee shall take reasonable steps to ensure that the discrimination and/or harassment ceases and will not recur, up to and including termination of the employment of the individuals responsible for discrimination and/or sexual harassment.

Following a finding of sexual harassment, individuals may be periodically interviewed by the appropriate supervisor or Title IX Coordinator as necessary to ensure that the sexual harassment has not recurred and that no retaliation has occurred.
