Academic 21st Century Learning Expectation School-wide Rubric

Ellington High School Students:

	Reason effectively, think critically, and solve problems
5 Excellence	The student is able to choose appropriate methods of solution and the evidence provided for logical thinking, critical thinking to evaluate, interpret, and conclude shows complete understanding of the task at hand.
4 Approaching Excellence	The student is able to choose appropriate methods of solution and provides evidence of logical thinking, critical thinking to evaluate, interpret, and conclude correctly for the situation. This evidence may include minor errors that do not detract from the student's general understanding of the task at hand.
3 Proficient	The student is able to choose appropriate methods of solution, but the evidence provided for logical thinking, critical thinking to evaluate, interpret, and conclude shows a lack of complete understanding of the task at hand.
2 Approaching Proficiency	The student is not able to choose appropriate methods of solution but there is evidence provided for logical thinking, critical thinking to evaluate, interpret, and conclude which shows some understanding of the task at hand.
1 Not Proficient	The student is not able to choose appropriate methods of solution and the evidence provided for logical thinking, critical thinking to evaluate, interpret, and conclude shows a lack of understanding of the task at hand.
